About the Institution:

Teegala Krishna Reddy Engineering College (TKREC) was founded in the year 2005 by TKR Educational societyestablished in 2001 under the dynamic leadership of Sri. Teegala Krishna Reddy, MLA, with prime motto of educating people with strong basic knowledge.

Teegala Krishna Reddy Engineering College (TKREC) was established with a vision of imparting knowledge and instilling skills to the aspiring students in the fields of Engineering, Technology, Science and Management to face the emerging challenges of the society. The college offers diploma courses in EEE, ECE, CME, CE and UG courses in CE, EEE, ECE, CSE, IT and PG courses in M.TECH and M.B.A.

About the Department:

The department of Electronics and communication Engineering was started in 2005, with a vision of striving to provide quality education and train students in the contemporary technologies, to meet the needs and demands of global industry shaping them into skillful engineers imbibed with professional ethics. The department is run by well qualified and experienced faculty committed to train students realizing the importance of latest technologies. The department has well established labs with state-of-art equipment and software's like CAD TOOLS and MATLAB.

About the Workshop:

The Raspberry-pi hands on workshop is specifically designed to encourage and enlighten students about the functioning of a mini computer and to exploit its computational powers to the limits .

The workshop shall be conducted in a full time mode, involving lectures, practical sessions, demos and hands-on-practice on different topics mentioned in the detailed Workshop Syllabus.

Workshop Syllabus:

➢ Introduction to RASPBERRY Pi
➢ Network & programming GPIOS
➢ IOT based home security system

Scope of the Conference

ICSSCCET 2017 will be the most comprehensive conference focused on the various aspects of advances in Interdisciplinary Research Theory and Technology. This Conference provides a chance for academic and industry professionals to discuss recent progress in the area of Interdisciplinary Research Theory and Technology. Furthermore, we expect that the conference and its publications will be a trigger for further related research and technology improvements in this important subject.

The goal of this conference is to bring together the researchers from academia and industry as well as practitioners to share ideas, problems and solutions relating to the multifaceted aspects of Interdisciplinary Research Theory and Technology.

To provide opportunities for the different research area delegates to exchange new ideas and application experiences face to face, to establish business / research relations to find global partners for future collaboration in the areas of Systems, Sciences, Control, Communication, Engineering, Technology and Management. Papers describing new methods or technologies, advanced prototypes, systems, tools and techniques and general survey papers indicating future directions are also encouraged. Papers describing original work are invited in any of the areas listed below. Accepted papers, presented at the conference by one of the authors, will be published in the Proceedings of ICSSCCET 2017, with an ISBN. Acceptance will be based on quality, relevance and originality. Both full research reports and work-in-progress reports are welcome. There will be both oral and virtual sessions.

The papers will be made to appear in a book to be published by ASDF HQ, India in EDLIB (www.edlib.net). All the published paper will be indexed by Google Scholar and various others search engines.

Conference Tracks

- ○ Aeronautical & Mechanical Engineering
- ○ Electronics & Communication Engineering
- ○ Distributed Systems, Green Computing
- ○ Introduction to Finance
- ○ Bio-gas Production
- ○ Advanced Fibres and Materials
- ○ Advanced Control Systems
- ○ Special Structures
- ○ English Language and Literature

Proceedings Publication

All the registered papers of ICSSCCET 2017 will be complied in the form of Proceedings with unique ISBN.
ISBN 13 : 978-81-933235-0-2
ISBN 10 : 81-933235-0-5

Journal Publication

Selected papers of the Conference publication may be recommended for publication in Reputed Journals (Print Edition) after acquiring the written consent from the authors of the paper(s) subject to any other fees related to the publication. Publication into the Journals is at the discretion of the Publisher(s) and not into the hands of ASDF or the Host Institute. Further, the waiting period of the Journal Publication will be mentioned in the Acceptance Letter and shall not be forced to modify at any sequence.

Paper Submission

Authors should submit a paper in English, carefully checked for correct grammar and spelling, addressing one or several of the conference areas or topics. Each paper should clearly indicate the nature of its technical/scientific contribution, and the problems, domains or environments to which it is applicable. Only original papers should be submitted. Authors are advised to follow ethical norms regarding plagiarism and self-plagiarism thoroughly before submitting and must make sure that their submissions do not substantially overlap work which has been published elsewhere or simultaneously submitted to a journal or another conference with proceedings. Papers that contain any form of plagiarism will be rejected without reviews.

Authors can submit their work in the form of a Regular Paper, representing completed and validated research, or as a Position Paper, portraying a short report of work in progress or an arguable opinion about an issue discussing ideas, facts, situations, methods, procedures or results of scientific research focused on one of the conference topic areas.
