REPORT CLEAN INDIA PROGRAM

DATE: 09/08/2018

On the 26th of October 2021, the NSS volunteers of Teegala Krishna Reddy Engineering College (TKREC) actively participated in a Clean India program organized in Meerpet, Hyderabad. The initiative aimed to contribute to the Swachh Bharat Abhiyan, a nationwide cleanliness campaign launched by the Government of India, by engaging in community-driven cleanliness activities and promoting environmental awareness.

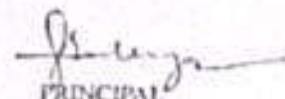

Concurrently with the cleanliness drive, an awareness campaign on the importance of cleanliness, waste management, and environmental conservation was conducted. Volunteers interacted with local residents, educating them about the adverse effects of littering and the significance of maintaining clean and hygienic surroundings.

As part of the initiative to promote waste segregation at source, NSS volunteers encouraged residents to segregate biodegradable and non-biodegradable waste. They distributed bins and provided demonstrations on proper waste disposal methods, emphasizing the need for responsible waste management practices.

More than 100 NSS volunteers garnered significant attention and support from the local community. Residents appreciated the efforts of the volunteers in contributing to the cleanliness drive and expressed willingness to adopt sustainable practices for maintaining cleanliness in the area.

LETTER OF INVITATION

Hyderabad,
25/9/2018.

To

Mr. B.KISHORE KUMAR,
Director,
Kernel Masters,
Hyderabad.

Sub: Requesting to conduct two day workshop on **"EMBEDDED SYSTEMS AND IOT"** in TKREC.

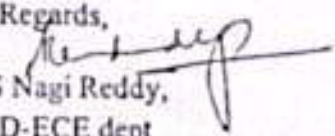

Respected Sir,

I Mr. S Nagi Reddy, Head of ECE Department from Teegala Krishna Reddy Engineering College, Meerpet, Hyderabad. I would like to conduct the two day workshop on **"EMBEDDED SYSTEMS AND IOT"** on 3rd to 4th October, 2018 for IVB.Tech ECE Students to provide with them the real insight of working procedure of an esteemed organization such as yours and to fulfill the curriculum demand. Kindly accord the permission to visit our organization.

Your coordination in this regard will not only help the cause education system but will strengthen the youth of the nation.

Thanking you,

With Regards,

Mr. S Nagi Reddy,
HOD-ECE dept,
TKREC.

Department Of Electronics and
Communication Engineering

◇ ◇ ◇ ◇ ◇ ◇

Teegala Krishna Reddy
Engineering College

Medbowli, Meerpet, Saroornagar, Hyderabad-97

About the Institution:

Teegala Krishna Reddy Engineering College (TKREC) was founded in the year 2005 by TKR Educational society established in 2001 under the dynamic leadership of Sri. Teegala Krishna Reddy, MLA, with prime motto of educating people with strong basic knowledge.

Teegala Krishna Reddy Engineering College (TKREC) was established with a vision of imparting knowledge and instilling skills to the aspiring students in the fields of Engineering, Technology, Science and Management to face the emerging challenges of the society. The college offers diploma courses in EEE, ECE, CME, CE and UG courses in CE, EEE, ECE, CSE, IT and PG courses in M.TECH and M.B.A.

About the Department:

The department of Electronics and communication Engineering was started in 2005, with a vision of striving to provide quality education and train students in the contemporary technologies, to meet the needs and demands of global industry shaping them into skillful engineers imbued with professional ethics. The department is run by well qualified and experienced faculty committed to train students realizing the importance of latest technologies. The department has well established labs with state-of-art equipment and software's like CAD TOOLS and MATLAB.

About the Workshop:

The objective of this workshop is to expose and acquaint the participants with the various applications hardware of Embedded Systems & IoT in various fields.

The workshop shall be conducted in a full time mode, involving lectures, practical sessions, demos and hands-on-practice on different topics mentioned in the detailed Workshop Syllabus.

Workshop Syllabus:

- Introduction to Embedded Systems.
- Embedded Software & Hardware.
- Internet Of Things.

Resource Person:

- **MR.B. Kishore Kumar**
Director of Kernel Masters

Embedded Systems Made Easy

Workshop Purpose and Highlights:

- ↓ Embedded Systems sounds like a difficult subject to learn...is it really that hard?
- ↓ How would be the career of an Embedded Systems Engineer?
- ↓ What kind of work they do?
- ↓ What is Embedded Systems first of all and what kind of opportunities are offered by the industry?
- ↓ What are real-world applications of Embedded Systems?
- ↓ What all it takes to build an Embedded Device? How and where to start?

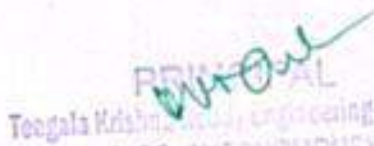

Here is a chance for you to find answers for these simple questions and gain basic knowledge on Embedded Systems along with useful material and participation certificates.

Workshop Agenda:

9:00 am - 9:30 am	Registration Process Workshop Orientation <ul style="list-style-type: none"> ○ Goals of the workshop
9:30 am - 11:15 am	<ul style="list-style-type: none"> • Embedded Systems Basic Terminology • Current Trends in Embedded Systems • How to make a Successful career in Embedded Systems? • Application Programmer vs Embedded Programmer
11:15 am - 11:30 am	Tea Break
11:30 am - 1:00 pm	<ul style="list-style-type: none"> • What kind of work an Embedded Systems Engineer does? • What is Internet of Things? • Embedded Hardware: <ul style="list-style-type: none"> • Microcomputer Structure and Operation. • Classifications of Computers: • Desktop Computer • Embedded Computer • Microprocessor vs Microcontroller • Multiprocessor: SMP vs ASMP • Types of Architecture: <ul style="list-style-type: none"> • Harvard Architecture vs Von-neuman Architecture • CISC vs RISC • Little endian vs Big endian • Embedded Software <ul style="list-style-type: none"> • General C vs Embedded C • Operating Systems • Real Time Operating Systems • Linux Basics • Embedded Linux
1:00 pm - 2:00 pm	Lunch Break
2:00 pm - 3:30 pm	<ul style="list-style-type: none"> • Project Demonstration • Material and Participation Certificates distribution

Embedded Systems Made Easy

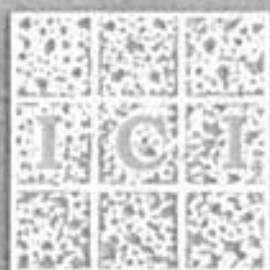

Workshop Purpose and Highlights:

- ↓ Embedded Systems sounds like a difficult subject to learn...is it really that hard?
- ↓ How would be the career of an Embedded Systems Engineer?
- ↓ What kind of work they do?
- ↓ What is Embedded Systems first of all and what kind of opportunities are offered by the industry?
- ↓ What are real-world applications of Embedded Systems?
- ↓ What all it takes to build an Embedded Device? How and where to start?

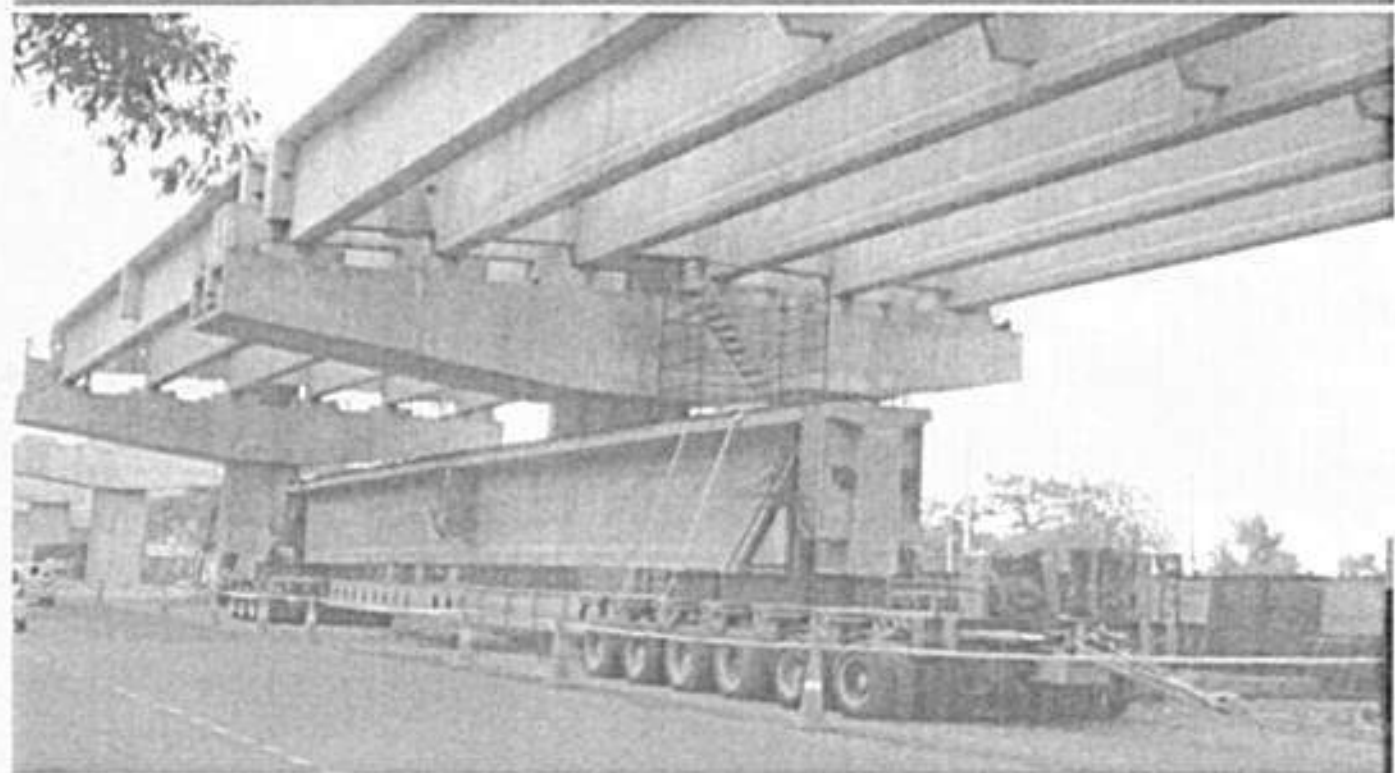

Here is a chance for you to find answers for these simple questions and gain basic knowledge on Embedded Systems along with useful material and participation certificates.

Workshop Agenda:

9:00 am - 9:30 am	Registration Process Workshop Orientation <ul style="list-style-type: none"> ○ Goals of the workshop
9:30 am - 11:15 am	<ul style="list-style-type: none"> • Embedded Systems Basic Terminology • Current Trends in Embedded Systems • How to make a Successful career in Embedded Systems? • Application Programmer vs Embedded Programmer
11:15 am - 11:30 am	Tea Break
11:30 am - 1:00 pm	<ul style="list-style-type: none"> • What kind of work an Embedded Systems Engineer does? • What is Internet of Things? • Embedded Hardware: <ul style="list-style-type: none"> • Microcomputer Structure and Operation. • Classifications of Computers: • Desktop Computer • Embedded Computer • Microprocessor vs Microcontroller • Multiprocessor: SMP vs ASMP • Types of Architecture: <ul style="list-style-type: none"> • Harvard Architecture vs Von-neuman Architecture • CISC vs RISC • Little endian vs Big endian • Embedded Software <ul style="list-style-type: none"> • General C vs Embedded C • Operating Systems • Real Time Operating Systems • Linux Basics • Embedded Linux
1:00 pm - 2:00 pm	Lunch Break
2:00 pm - 3:30 pm	<ul style="list-style-type: none"> • Project Demonstration • Material and Participation Certificates distribution

**INDIAN CONCRETE INSTITUTE
TECHNOLOGY CENTRE**

**SHORT TERM CERTIFICATE COURSE ON
BRIDGE DESIGN
AND CONSTRUCTION**

October 11th and 12th, 2018

Principal
Teegala Krishna Reddy College
(UGC-AUTONOMOUS)
Medavolu, Meerpalli, Hyderabad - 500017

Indian Concrete Institute is conducting a short term course on 'Bridge Design and Construction' on 11th and 12th October, 2018 at Chennai.

Topics covered:

- Overview of Modern Bridge Design & Construction
- Development of latest Design Codes: Limit State Design Approach
- SLS Design & Worked Examples
- ULS Flexure, Shear & Torsion Design and Worked Examples.
- Design of Substructures & Foundations including worked Examples.
- Design of PSC Superstructure.
- Design of Bearings.
- Seismic Design of Bridges & Special Devices for Seismic Mitigation.

PRIL
Technical
Hyderabad - 500007

Panel of Practising Experts :

Er. Vinay Gupta is a Civil Engineer from BITS, Pilani (1983) and Director & CEO, M/s. Tandon Consultants Pvt Ltd. Specialisation: bridges, flyovers, underground & metro structures, etc. Active member of various Code Committees of BIS and IRC. Er. Gupta is the President of IIBE and President (Elect), ICI.

Er. P.G. Venkatram, currently the Chief Executive of L&T Infrastructure Engineering Limited, has more than 30 years of experience in design of all kinds of bridges ranging from simple slab bridges to complex cable stayed and extradosed bridges. He is an Alumnus of IIT, Madras and Carnegie Mellon University, and is currently a member of IRC B2 and B4 Committees dealing with Bridge loading and Concrete Bridge designs.

Er. Jatinder Singh Pahuja is "Senior Principal Consultant" at "Tandon Consultants Pvt Ltd". He has extensive experience in analysis and design of major bridges, buildings and large span structures. He is well versed with various latest construction techniques & equipments adopted for bridge construction. Er. Pahuja has M.Tech in Structural Engg. from IIT, Delhi. He is also guest faculty of "Indian Academy of Highway Engineers".

Er. Anjaneyulu Chunchu Graduated in Civil Engineering from IIT, Kharagpur and did Post graduation in Structural Engineering from IIT, Bombay. He joined STUP Consultants and continued till 1985. During this time, he was mainly dealing in the design of bridges, flyovers and Irrigation Structures. After leaving STUP Consultants, he established Pragati Consultants in Hyderabad. He has been dealing in the design of RCC/PSC/ Structural Steel Bridges, Flyovers, Industrial Structures both in RCC and Structural Steel, high rise apartment and commercial buildings, etc. He is a member of Institution of Engineers, IRS, IIBE, etc.

Who to Participate ?

Design Engineers
Construction Engineers.
Post Graduate Students.

Course fee

ICI members	:	₹ 3500.00
Non-members of ICI	:	₹ 4500.00
ICI student members	:	₹ 2500.00
Students	:	₹ 3000.00

Number of Participants is Limited to 30.

Preference will be given to those who have already registered with us.

For registration please contact :

DEPARTMENT OF CIVIL ENGINEERING

ENGINEER'S DAY 2018

TKREC proudly celebrates the 158th Birth Anniversary of Sri. Mokshagundam Visvesvaraya so called "Engineer's Day" on 15th September every year as a tribute to the greatest Indian Engineer Bharat Ratna Mokshagundam Visvesvaraya. The theme of Engineer's Day 2018 is 'Engineering Challenges for Knowledge Era'.

Here our beloved Head of the department Sri. P. Venkat Ram Reddy has garlanded to the statue of the Sri. Mokshagundam Visvesvaraya.

PRINCIPAL
Teegata Krishna Engineering College
(UGC-AUTONOMOUS)
Medbowli, Meerpeta, Hyderabad - 97.

Our respected Head of the Department delivered the speech about Sri. Mokshagundam Visvesvaraya achievements to the students as:

- He was the Architect of the Krishnarajasagara dam
- He implemented irrigation system in Karnataka.
- He was a Diwan of Mysore. He set up Mysore University which happened to become one of the earliest university among the princely states
- He was an important cause to bring in industrial revolution in Mysore kingdom with Industries like The Sandal Oil Factory, the Soap Factory, the Metals Factory, Bhadravati Iron and Steel Works.
- He was the chief designer of the flood protection system for the city of Hyderabad in Telangana.
- He designed automatic, weir water floodgates, installed at Khadakvasla reservoir.
- He planned the Indian Economy in 1934.

There was a photo session with all the staff members, students of the civil engineering department.

Speaker's profiles:

Dr. V. Bhikshma:

He is presently working as Professor Department of Civil Engineering, University College of Engineering (A) Osmania University; Hyderabad T.S., obtained his M.Tech (Structural Engineering) from JNTU Hyderabad and Ph.D (Structural Engineering) from Osmania University Hyderabad. He has 23 years of teaching and research experience in Civil Engineering. He has published 65 research papers at International/National journals and conferences, guided 70 M.E. theses for postgraduate students. He is guiding PhD scholars in Structural Engineering in very interesting advanced topics. He is a member of various professional bodies in India and abroad. He was the Former Head of Civil Engineering Department & Chairman, Indian Concrete Institute, Hyderabad Centre (ICI-HYDC).

Dr.V.Mallikarjuna Reddy:

He is Presently Working as Professor & H.O.D in GRIET .

B.Tech Civil Engineering from S.V.University,1985. M.Tech Structural Engineering from JNTUH, 2008. PhD from JNTUH in the year 2016. He has 32 years of Industrial and Teaching Experience. He has published 21 papers in reputed Journals.

Achievements:

1. **Best Technical Paper award** from Civil Engineering Division of Institution of Engineers (India) Telangana State Centre during Technical session of the 2nd Annual General Meeting on Oct 31 2016.
2. **Best Technical Paper award** from Civil Engineering Division of Institution of Engineers (India) Telangana State Centre during Technical session of the 3rd Annual General Meeting on Oct 26 2017.

Er. Abhinav Kalvan

Chartered Civil Engineer, Consulting Structural Engineer, BIM Coordinator associated with M+W Group. He has worked in India and Gulf Countries at various levels.

Mohd Muneeruddin Khan

Presently working as Assistant Professor TKR Engineering College.

BE (Vasavi Engineering College),1996, Mtech (Structural Engineering, RITS) 2015,

Pursuing PhD from JNTUH. He has 16 Years of Industrial Experience both in India and Gulf Countries. He has 4 Years of Teaching Experience in TKR Engineering College.

Attended International Conference OU, 2017, National Conference, MREC 2017, and published three papers in reputed journals.

Life Member of ISTE. Licensed Structural Engineer from GHMC

DAY 1

Session 1 – Recent Development in Concrete Manufacturing Professor V. Bhikshma, UCE, OU

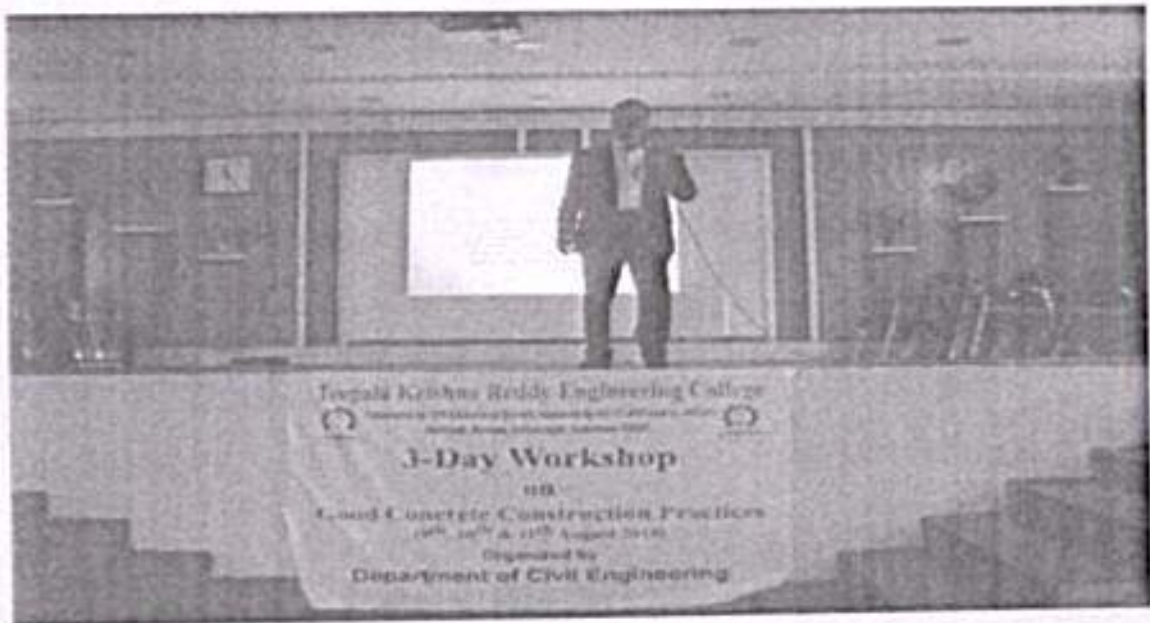

Professor V. Bhikshma gave presentation on Recent Development in Concrete Manufacturing. There has been a rapid advance in concrete technology during the past three decades or so. The improvement in strength and other structural properties achieved earlier through the use of steel reinforcement are now accepted as routine and the reinforced cement concrete and pre-stressed concrete have become conventional materials. Later work led to the development of a variety of concretes in the form of, among others, fibre reinforced concrete, polymer concrete, Ferro cement, sulphur concrete, lightweight aggregate concrete, autoclaved cellular concrete, high-density concrete, ready-mixed concrete, self-compacting concrete, roller compacted concrete, high strength concrete, super high-strength concrete, high performance concrete, high-volume fly ash concrete, self-curing concrete, floating concrete and smart concrete:

Principals
PRINCIPAL
Teegala Krishna Reddy Engineering College
(UGC-AUTONOMOUS)
Madbowli, Meerpet, Hyderabad - 57.

DAY 1

Session 2 – Destructive and Non Destructive Testing on Concrete. Professor V. Bhikshma, UCE, OU

Professor V. Bhikshma gave detailed presentation on Destructive and Non Destructive Testing of existing RCC Structures. To check their stability and Strength.

DAY 1

Session 3 – Special Concrete. Professor V. Mallikarjuna Reddy

Professor V. Mallikarjuna Reddy gave detailed presentation on need and use of special Concretes.

PRINCE
Teegala Krishna Reddy Engineering College
(UGC-AUTONOMOUS)
Medbowli, Meerpet, Hyderabad - 97.

DAY 2

Session 1 & 2 – Automation in Civil Engineering/Industry – Best Construction Practices Engineer Abhinav Kalyan

Engineer Abinav Kalyan discussed about BIM - it is the *process* of creating and using digital models for design, construction and/or operations of building projects. Software is simply the mechanism by which the BIM process is accomplished. The BIM process involves participants from the entire project life cycle (architect, engineer, contractor, owner, facilities management, etc.) who all contribute and communicate through the shared models. These models combine intelligent 2D and 3D objects used to define a building design, along with external factors such as geographic location and local conditions, into a virtual building database.

KEY ADVANTAGES OF BIM

Improved information flow

Better design visualization

Improved cost estimating

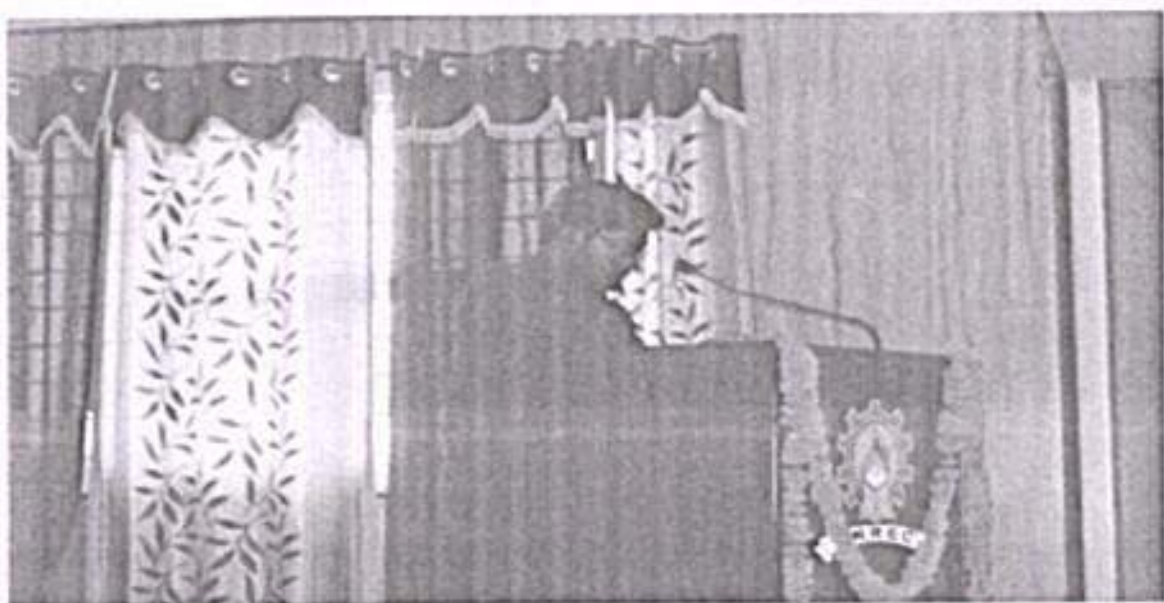

Improved energy analysis

Reduced construction costs

Building history

BIM SOFTWARE Major architectural, engineering, and construction (AEC) software providers, such as Autodesk, Bentley, Gehry Technologies and Graphisoft, provide the core software necessary to create a digital building model.

While the predominant users of these software packages have primarily been architects, use among MEP engineers and contractors has been rapidly expanding as more benefits of the technology are exposed and as the market demands tighter control of the design process to achieve productivity, cost, and sustainability goals.

PRINCIPAL
Teegala Krishna Reddy
(UGC-AUTONOMOUS)
Medbowli, Meerpet, Hyderabad - 97.

DAY 2

Session 3 – Quality Assurance In Concrete Structures Professor V. Bhikshma, UCE, OU

Professor V. Bhikshma Discussed about the importance of quality assurance and how to achieve it.

Jyoti Krishna Reddy Engineering College
(UGC Autonomous)
Medbowli, Meerpet, Hyderabad - 507
Orav

DAY 3

Session 1 – Material Testing on Site

Mr. Mohd Muneeruddin Khan, Asst. Professor, TKREC

Assistant Professor Mohd Muneeruddin Khan discussed about the importance and how to test the materials which are delivered on site.

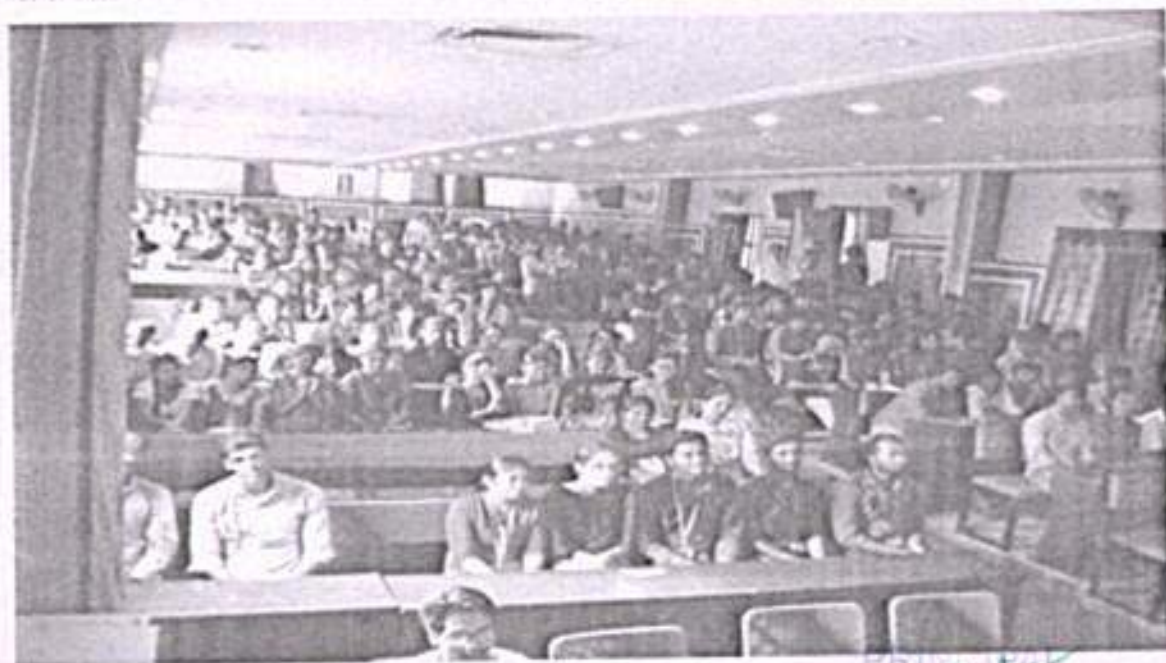

DAY 3

Session 2 – Preparation of Bar Bending Schedule

Mr. Mohd Muneeruddin Khan, Asst. Professor, TKREC

Assistant Professor Mohd Muneeruddin Khan discussed about the preparation of bar bending schedule.

It is with great pleasure that I extend this formal invitation to you on behalf of Teegala Krishna Reddy Engineering College to Deliver lecture on 19-08-2019. We believe that your expertise and experience would greatly benefit our institution and contribute to the academic growth and development of our students. Hence we request you to kindly confirm your acceptance of this invitation at your earliest convenience.

If you require any further information or assistance, please feel free to contact.

Proposed Dates : 19-08-2019

Subject/Topics: Guest lecture on Industrial Internet of Things

Thanks & Regards

I am sincerely honored to receive your formal invitation to deliver a guest lecture on Industrial Internet of Things at Teegala Krishna Reddy Engineering College on the proposed date of 19-08-2019.

I am pleased to confirm my acceptance of this invitation and am committed to delivering a lecture that aligns with the expectations of the institution.

with regards

Dr. S. China Venkateshwarlu

Report On Guest Lecture on Industrial Internet of Things

Date of Event: 19/08/2019

Introduction

Guest Lecture on Industrial Internet of Things took place on 19/08/2019 Dr S. China Venkateswarlu at TKREC Auditorium. The primary objective of the lecture was to provide participants Lack of awareness on using research methods to interpret the data in developing IoT devices.

The Industrial Internet of Things (IIoT) represents a transformative force in various industries, enhancing efficiency, productivity, and connectivity. However, a significant challenge persists in the form of a lack of awareness regarding the use of research methods to interpret data in the development of IIoT devices. This report delves into the reasons behind this knowledge gap, its implications, and proposes strategies to bridge it

Objective:

1. Empowering Efficiency:

- Understand how IIoT streamlines operations and reduces manual work.

2. Mastering Data Insights:

- Dive into the world of data analytics and decision-making using real-time data.

3. Transforming Industries:

- Witness how IIoT is reshaping supply chains, logistics, and manufacturing.

Teegala Krishna Reddy Engineering College
(UGC-AUTONOMOUS)
Medbowli, Meerpet, Hyderabad - 97.

Innovation and Entrepreneurship:

- **Idea Generation:** Exposure to IIoT sparks creativity and idea generation, inspiring students to develop their own innovative solutions and potentially start their own ventures.
- **Entrepreneurial Mindset:** Students learn to identify opportunities for innovation and entrepreneurship within the IIoT space, contributing to a culture of innovation.

Continuous Learning and Adaptability:

- **Adaptive Learning:** IIoT is a dynamic field, and students learn the importance of continuous learning to keep up with technological advancements.
- **Adaptability:** Exposure to IIoT instills adaptability, a crucial skill in the rapidly evolving tech industry.

In summary, the impact of IIoT on students is far-reaching, encompassing educational enrichment, skill development, career opportunities, and a heightened awareness of the societal implications of technology. It positions students as contributors to technological innovation and problem-solving in the industrial landscape.

Feedback:

Feedback from participants was overwhelmingly positive. Many expressed appreciation for the Guest Lecture using research methods to interpret the data in developing IoT devices. Participants particularly praised the relevance of the projects, as they provided an opportunity to apply newly acquired skills to real-world situations.

Conclusion:

Guest Lecture on Industrial Internet of Things successfully achieved its objectives by providing participants with a solid foundation in Industrial Internet of Things.

Embrace the Future with IIoT

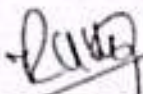

Summary: IIoT is not just a concept; it's a pathway to the future of technology and industry.

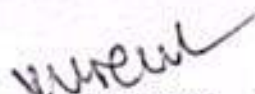

Inspiration: Be inspired to explore, learn, and innovate with IIoT.

We extend our gratitude to all participants, mentors, and organizers for their contributions to the success of this workshop.

Dear Sir and Madam,

Good Afternoon.

With reference to the schedule request submitted, regarding TASK Skill Offerings, I hereby updating you the confirmation for the following training schedule.

Name of the College: Teegala Krishna Reddy Engineering College

Title of Service Offering: A&R MOOCs

Duration: 3 Hrs (1.30 pm to 4.30 pm)

Training Dates: 30th Jan 2020

Students eligibility: TASK Registered B.E/B.Tech Students

Resource Person : Mr Naveen

Kindly provide the required logistics:

1. Internet bandwidth upto 100mbps
2. Uninterrupted internet for 40 min during pre assessment test.
3. Individual computer and earphones for each student, kindly ask the students to bring their smart phones with mobile data.
4. Windows OS(other than XP) and Chrome browser.

Please inform all the students to attend the session on the scheduled day, as the inactive login id's will be blocked on the same day itself.

Encl : List of students registered

Report on Higher Education and Career Counseling

Department of Training and Placement of Teegala Krishna Reddy Engineering College have conducted session on Higher Education and Career Counseling for all the final year students from all the branches of Engineering on 19th December 2019 at 11:00 A.M. to 01:00 P.M.

This Program is conducted in collaboration with "Indian Overseas Career Consultancy (IOC)" Training and Overseas/Abroad Education consultancy.

Venue of the Event: - Teegala Krishna Reddy Engineering College (Auditorium)

Day/Date of the Event: - Thursday, 19th December 2019

Timings: - 11:00 A.M. to 01:00 P.M.

Resource Person:

Mr. Venkat Sandeep Chief Executive Officer - Indian Overseas Career Consultancy (IOC)

TARGET AUDIENCE:

All Final Year Students from CSE, IT, ECE, EEE, and CIVIL.

PURPOSE OF THE SESSION:

Studying abroad is more than just education, it's a holistic experience

Earning an international degree is not only about expanding one's own career and personal horizons but also about having an experience of a lifetime.

OUTCOMES:

- Students of Teegala Krishna Reddy Engineering College (Auditorium) have learnt how to choose diverse course options from
- Students have learnt by pursuing a degree overseas signals employers that they have courage, flexibility, cultural awareness and an understanding of how other people work and think.
- Students got an idea of studying abroad helps them learn new approaches to handle different situations, manage time between their studies and part-time jobs, experience international methods of instructing and deal with a cosmopolitan crowd.
- Students who study abroad develop a well-informed mindset and wider perspective towards other cultures and people.

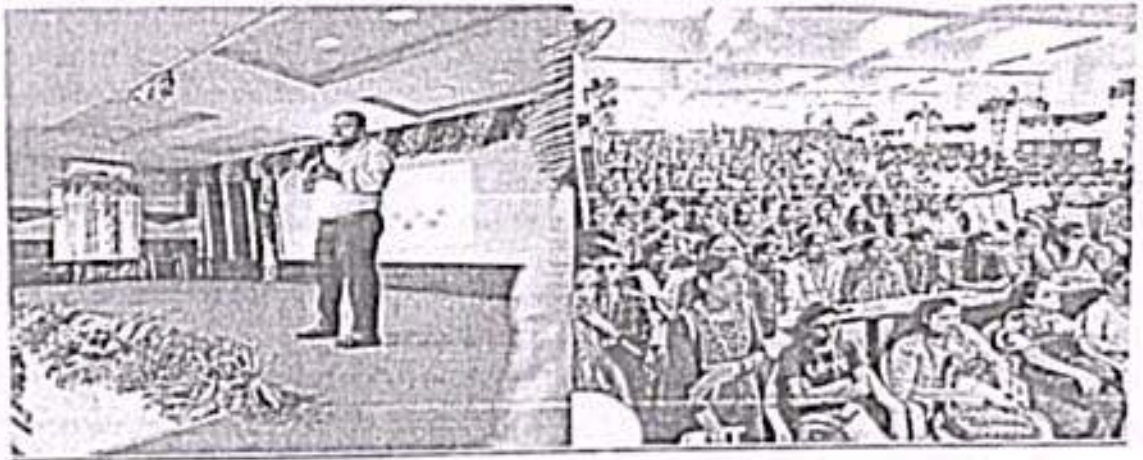

PRINCIPAL
Teegala Krishna Reddy Engineering College
(UGC-AUTONOMOUS)
Medbowli, Meerpet, Hyderabad - 97.

- Study abroad gives students an experience to explore geographies different than from India and come back with interesting stories for their friends and family. Students might also end up finding an activity that they enjoy doing and make a career in it.

Feedback about the Session from the Students

The session was well conducted by resource person and made students to interact with him effectively. The session received huge appreciation from the students because he gave much knowledge about various courses, scope of the higher education throughout the countries and various universities and their collaboration with the consultancy, by which every student who is aspiring to go abroad education can comfortably choose their organization. The effort of entire team of Indian Overseas Career Consultancy (IOC) was applauded by all present. The students were very thankful to the placement department for expediting the session which were highly focused towards higher education and career prospective.

Some of the Photographs taken during the Higher education and career counseling session conducted on 19th December 2019.

Our Proposal

We, Indian Overseas Careers consultancy would like to interact with your students to share the knowledge on higher education & job opportunities of different countries and will share the information of the world's top universities to make their future brighter.

Our yearly plan:

- We planned to interact monthly thrice with your students.
- We will keep counselling desks twice a month, where our counselling team will share the information of Universities, Countries, Admission process, Test prep, Opportunities at certain countries, Educational loan process etc.
- One of our Organization representatives will address the students each month as per the need.

December (2019):

1st Week: A seminar by counselling experts.

Seminar:

- Education and career opportunities in the USA, UK, Canada, Australia, New Zealand, Europe etc
- Complete application process
- Details of Education Loan
- Test prep information - IELTS, GRE, PTE, TOFEL, GMAT & SAT

2nd Week: A counselling desk

4th Week: A counselling desk

January (2020):

1st Week: A seminar by a University representative from UK

4th Week: A counselling desk

February (2020):

2nd Week: A seminar by a University representative from Australia & New Zealand

3rd Week: A counselling desk

4th Week: A counselling desk

March (2020):

1st week: A seminar by a University representative from Canada.

2nd Week: A counselling desk

ADDRESS: Room No:810, Regus, Manjeera Trinity Corporate, Plot No-S2, JNTU, Hitech City Rd, KPHB Colony Kukatpally, Hyderabad -72

Dear Sir and Madam,

Good Afternoon.

With reference to the schedule request submitted, regarding TASK Skill Offerings, I hereby updating you the confirmation for the following training schedule.

Name of the College: Teegala Krishna Reddy Engineering College

Title of Service Offering: A&R MOOCs

Duration: 3 Hrs (1.30 pm to 4.30 pm)

Training Dates: 30th Jan 2020

Students eligibility: TASK Registered B.E/B.Tech Students

Resource Person : Mr Naveen

Kindly provide the required logistics:

1. Internet bandwidth upto 100mbps
2. Uninterrupted internet for 40 min during pre assessment test.
3. Individual computer and earphones for each student, kindly ask the students to bring their smart phones with mobile data.
4. Windows OS(other than XP) and Chrome browser.

Please inform all the students to attend the session on the scheduled day, as the inactive login id's will be blocked on the same day itself.

End : List of students registered

Thanks & Regards

Report on Higher Education and Career Counseling

Department of Training and Placement of Teegala Krishna Reddy Engineering College have conducted session on Higher Education and Career Counseling for all the final year students from all the branches of Engineering on 19th December 2019 at 11:00 A.M. to 01:00 P.M.

This Program is conducted in collaboration with "Indian Overseas Career Consultancy (IOC)" Training and Overseas/Abroad Education consultancy.

Venue of the Event: - Teegala Krishna Reddy Engineering College (Auditorium)

Day/Date of the Event: - Thursday, 19th December 2019

Timings: - 11:00 A.M. to 01:00 P.M.

Resource Person:

Mr. Venkat Sandeep Chief Executive Officer - Indian Overseas Career Consultancy (IOC)

TARGET AUDIENCE:

All Final Year Students from CSE, IT, ECE, EEE, and CIVIL.

PURPOSE OF THE SESSION:

Studying abroad is more than just education, it's a holistic experience

Earning an international degree is not only about expanding one's own career and personal horizons but also about having an experience of a lifetime.

OUTCOMES:

- Students of Teegala Krishna Reddy Engineering College (Auditorium) have learnt how to choose diverse course options from
- Students have learnt by pursuing a degree overseas signals employers that they have courage, flexibility, cultural awareness and an understanding of how other people work and think.
- Students got an idea of studying abroad helps them learn new approaches to handle different situations, manage time between their studies and part-time jobs, experience international methods of instructing and deal with a cosmopolitan crowd
- Students who study abroad develop a well-informed mindset and wider perspective towards other cultures and people.

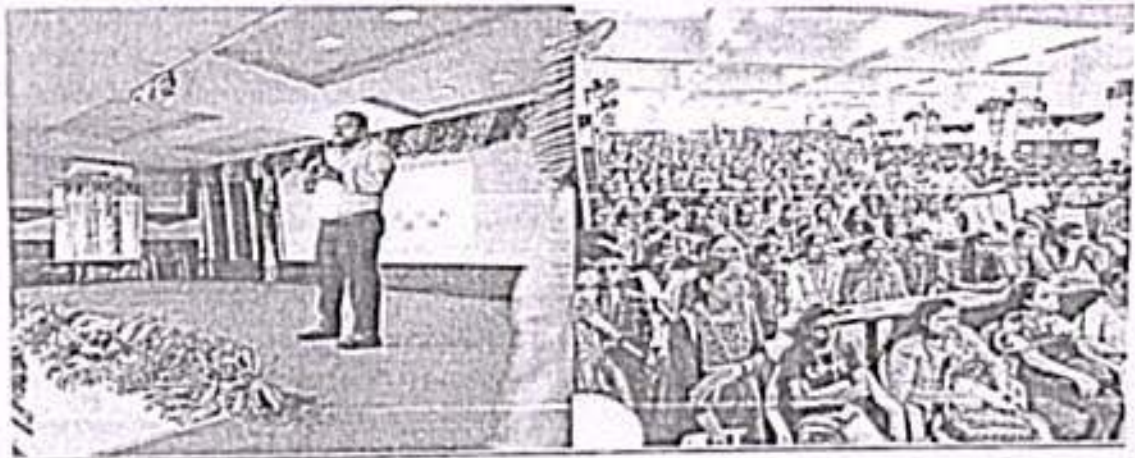

PRINCIPAL
Teegala Krishna Reddy Engineering College
(UGC-AUTONOMOUS)
Medowli, Meerpet, Hyderabad - 97.

- Study abroad gives students an experience to explore geographies different that from India and come back with interesting stories for their friends and family. Students might also end up finding an activity that they enjoy doing and make a career in it.

Feedback about the Session from the Students

The session was well conducted by resource person and made students to interact with him effectively. The session received huge appreciation from the students because he gave much knowledge about various courses, scope of the higher education throughout the countries and various universities and their collaboration with the consultancy, by which every student who is aspiring to go abroad education can comfortably choose their organization. The effort of entire team of Indian Overseas Career Consultancy (IOC) was applauded by all present. The students were very thankful to the placement department for expediting the session which were highly focused towards higher education and career prospective.

Seminar Report: Seminar Report on Challenges of 5G Technology

Date of Event: 03/01/2020

Introduction

Seminar on Challenges of 5G Technology was conducted on 03/01/2020 at TKREC Auditorium this introduction aims to captivate students' attention by framing the challenges of 5G as exciting opportunities for learning and innovation. It sets the stage for a deeper exploration of each challenge and encourages students to embrace the complexities of 5G technology.

Guest Speaker

The guest speaker for the session was Dr A. Supraja an esteemed expert faculty in Dept. of ECE. Dr A. Supraja currently holds Professor in Dept. of ECE, CBIT, Hyd.

Objectives:

- Understanding 5G Technology
- Challenges in 5G Technology:
- Advanced Technology Skill Development
- Practical Applications
- Industry-Relevant Certifications

IMPACT Analysis/ Outcomes of Seminar Report on Challenges of 5G Technology:

The challenges associated with 5G technology present unique learning opportunities for students, offering a chance to develop valuable skills and insights. Here's an impact analysis highlighting the outcomes for students engaging with the challenges of 5G technology:

PRINCIPAL
Teegala Krishna Reddy Engineering College
(UGC-AUTONOMOUS)
Medbowli, Meerpet, Hyderabad - 97.

1. Enhanced Problem-Solving Skills:

- **Challenges:** Addressing issues related to bandwidth allocation, security, and integration demands creative problem-solving.
- **Outcome:** Students develop a strong problem-solving mindset, a critical skill applicable to various technical challenges

2. Advanced Technical Knowledge:

- **Challenges:** Tackling issues in 5G involves understanding complex concepts like network virtualization, software-defined networking, and high-frequency communication.
- **Outcome:** Students gain in-depth technical knowledge, positioning them as experts in advanced networking technologies

The challenges associated with 5G technology offer students a rich learning environment, cultivating a range of technical and soft skills essential for success in the tech industry. The outcomes position students as adaptable, knowledgeable, and innovative professionals ready to tackle the complexities of advanced networking technologies.

Conclusion:

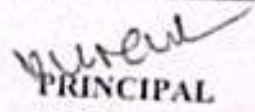

By addressing these components, students will not only gain a solid understanding of 5G technology and its challenges but also develop the technical skills and practical experience necessary to thrive in the industry. Integrating hands-on projects, real-world applications, and collaboration with industry partners will further enhance their preparedness for the dynamic field of 5G technology.

Mapping Strategy:

- The mapping to program outcomes ensures alignment with the educational objectives of the academic program

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

Date: 24.02.2020

Ref: TKREC/ECE/CIR/WS/02/2019-20

CIRCULAR

All the students are hereby informed that a three-Day work shop is arranged to enhance the knowledge on **PCB Design and Fabrication** scheduled from 26th February to 28th February 2020. Hence all the students of 2nd year are informed to attend the program and utilize the opportunity.

Invitation to Workshop on PCB Design and Fabrication

2 messages

ecehod.tkr <ecehod.tkr@gmail.com>
To: "kirankumar@gmail.com" <kirankumar@gmail.com>

Mon, Jan 13, 2020 at 2:19 PM

It is with great pleasure that I extend this formal invitation to you on behalf of Teegala Krishna Reddy Engineering College to Conduct Workshop on 23-01-2020 to 25-01-2020. We believe that your expertise and experience would greatly benefit our institution and contribute to the academic growth and development of our students. we will share workshop the details later. Hence we request you to kindly confirm your acceptance of this invitation at your earliest convenience.

If you require any further information or assistance, please feel free to contact.

Proposed Dates : 23-01-2020 to 25-01-2020

Subject/Topics: Workshop on PCB Design and Fabrication

Thanks & Regards

Dr UMAR FARUQ
HOD ECE

Wed, Jan 15, 2020 at 10:20 AM

I am honored to receive your formal invitation to Conduct worksop at Teegala Krishna Reddy Engineering College on the proposed dates of 23-01-2020 to 25-01-2020 for the "Workshop on PCB Design and Fabrication". Your belief in the potential contribution of my expertise and experience to the academic growth and development of your students is truly appreciated. I am enthusiastic about the opportunity to share insights into the intricate world of PCB design and fabrication.

I hereby confirm my acceptance of this invitation and am committed to delivering a workshop that aligns with the expectations of the institution.

with regards

M. Kiran Kumar

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

3 DAY WORKSHOP: PCB Design and Fabrication

LEARN	The Basics of PCB Design, Concept of PCB Designing, Schematic Entry, PCB parts creation, Auto Routing and Post Design
FOR WHOM	2nd Year B. tech E.C.E
WHEN	26 Feb 2020 - 10AM – 4 PM 27 Feb 2020 - 10AM – 4 PM 28 Feb 2020-10-1 pm
WHERE	E-Class Room (Entrepreneurship DevelopmentCentre)
CONTACT	Dr.D. Vemana Chary Professor, Dept. of ECE Phone no- 9347279139 Email: - vemanad@tkrec.ac.in
FEE	FREE

Workshop description

PCB design is the entire process of creating a Printed Circuit Board (PCB) through collaboration and integration between multiple disciplines and multiple domains which includes electrical, mechanical, software, system, test, and manufacturing. It's a team effort that requires constant bi-directional communication.

With the recent COVID-19 pandemic negatively affecting all industries regarding supply chain vulnerabilities, achieving success in PCB design now also includes enabling supply chain resilience for electronic systems design. This incorporates implementing an outside-in approach with supply-chain intelligence by shifting left best-known part availability, BOM validation, and validation of alternates at point of design. Having the knowledge, intelligence,

V. Venkatesh
PRINCIPAL

Teegala Krishna Reddy Engineering College
(UGC-AUTONOMOUS)
Medbowli, Meerpet, Hyderabad

and optimization at the point of design is key to achieving success for design for resilience when it comes to PCB design

Curriculum:

1. Introduction to PCB Design
2. Concepts of PCB Designing
3. Schematic Entry
4. PCB Parts creation
5. Auto Routing
6. Post Design
7. Creating the circuitry images
8. The Layers of a Circuit Board
9. Creating the inner Layer Circuitry
10. Laminating the layers together
11. Drilling the holes
12. Solider Mask, Silkscreen, and Surface Finishes

Schedule:

Timings	TOPIC	Duration	comments
Day 1 :			
10:00 - 11:00	Introduction to PCB Design	60 mins	Introduction to how to design a circuit
11:00 - 11:15	Break	15 mins	
11:15 - 13:00	Concepts of PCB Designing	105 mins	PCB layers and MultiLayer Concept
13:00 -13:30	Lunch	30 mins	
13.30 - 14.30	Schematic Entry	60 mins	Understanding the Schematic Entry
14:30 -14:45	Break	15 mins	
14:45 - 16:00	PCB Parts creation	75 mins	Understanding Units and Defining Rules
Timings			
Day 2 :			
10:00 - 11:00	Auto Routing	60 mins	Introduction to Auto Routing and its setup
11:00 - 11:15	Break	15 mins	
11:15 - 13:00	Post Design	105 mins	PCB Fabrication Process
13:00 -13:30	Lunch	30 mins	
13:30 - 14:30	Creating the circuitry design	105 mins	Photo tooling and direct imaging

14:30 - 14:45	Break	15 mins	About Multilayer Board
14:45 - 16:00	The layers of a circuit	75 mins	comments
Timings	TOPIC	Duration	
Day 3			
10:00 - 11:00	Creating the inner layer Circuitry	60 mins	To print circuitry images on inner layer
11:00 - 11:15	Break	15 mins	
11:15 - 13:00	Laminating the layers together	105 mins	About laminating the layer
13:00 - 13:30	Lunch	30 mins	
13:30 - 14:30	Drilling the holes	105 mins	To drill holes in the board for component mounting
14:30 - 14:45	Creating the top and bottom layer circuitry	15 mins	For creating top and bottom circuitry
14:45 - 16:00	Solder Mask, Silkscreen and surface finishes	75 mins	To protect the board the solder mask is applied

Faculty:

The workshop shall be taught by Mr. Abdul Physitech Pvt Ltd

Profile: I am a resilient, highly organised and ambitious person with excellent communication skills. I am always ready to adapt to new environment and keen to learn new technology and Strong Working Knowledge on Electronics and specific Industries.

Education: Completed M. Tech in Deccan College of Engineering and Technology.

Experience: Associate in the design and development of electronic systems for various projects. Conducted research on amazing Technologies and trends

Assisted in the design and development of electronic system for various projects, resulting in a 30% increase in efficiency.

Experience in maintain and repairing electronic devices, and expertise in troubleshooting hardware issues.

Research and previous Workshops: Assisted in the design and development of electronic system for various projects, resulting in a 30% increase in efficiency.

Conducted research on emerging technologies and trends, providing insights for the company's product development.

Workshop Includes

- Fun experiments and practical sessions
- Electronics Kit to build and carry home

- Joining a mailing list community of hobby robotics enthusiasts
- Certificate of Participation from Venture Center

About the organizers

Teegala Krishna Reddy Engineering College – a modern temple of learning, an off shoot of the TKR Educational Society was established in the year 2002. The college provides a serene and tranquil environment to the students, boosting their mental potential and preparing them in all aspects to face the cut-throat global competition with a smile on the face and emerge victorious

Invitation to 3-Day Workshop on Image Processing with MATLAB (online)

2 messages

ecehod.tkr <ecehod.tkr@gmail.com>
To: satyakumarpalli915@gmail.com

Mon, Jan 18, 2021 at 11:43 AM

It is with great pleasure that I extend this formal invitation to you on behalf of Teegala Krishna Reddy Engineering College to Conduct workshop on 28-01-2021 to 30-01-2021. We believe that your expertise and experience would greatly benefit our institution and contribute to the academic growth and development of our students. Hence we request you to kindly confirm your acceptance of this invitation at your earliest convenience.

If you require any further information or assistance, please feel free to contact.

Proposed Dates : 28-01-2021 to 30-01-2021

Subject/Topics: 3-Day Workshop on Image Processing with MATLAB (online)

THANKS & REGARDS,
Dr UMAR FARUQ
HOD ECE

Thu, Jan 21, 2021 at 11:18 AM

Thank you for the kind invitation. I am honored to receive it and am pleased to confirm my acceptance to deliver a 3-Day Workshop on Image Processing with MATLAB (online) at Teegala Krishna Reddy Engineering College on the proposed dates on 28-01-2021 to 30-01-2021.

I am enthusiastic about the opportunity to share insights and practical knowledge on image processing with MATLAB, and I believe this workshop will contribute significantly to the academic growth and development of the students. I appreciate the opportunity to contribute to the educational experience at Teegala Krishna Reddy Engineering College.

PROGRAM SCHEDULE

S.No	Day1	Day2	Day3
1	<ul style="list-style-type: none"> • Introduction to MatLab • Basic Image Import, Processing, and Export • Introduction to Computer Vision. 	<ul style="list-style-type: none"> • Images in MATLAB • Image Types in the Toolbox • Multi view Geometry- Stereo Vision, the correspondence problem 	<ul style="list-style-type: none"> • Image Coordinate Systems • Image locations are expressed using discrete pixel indices • Continuous spatial coordinates.
2	<ul style="list-style-type: none"> • Digital Images- The eye • Brightness, Image sampling, neighbors of pixels, distance 	Practical Session	Practical Session

PRINCIPAL *Praveen*
 Teegala Krishna Reddy Engineering College
 (UGC-AUTONOMOUS)
 Madbown, Meerpet, Hyderabad - 50.

Objective of the Course

- To introduce the participants the basics of Image Processing through MATLAB.

In particular, the course will start from simple problems in perspective transformations, edge detection, image enhancement, image filtering, image segmentation, feature tracking and wavelet analysis.

- To familiarize the participants with basic learning algorithms, techniques & their applications, as well as general questions.
- Focus on Digital Image Processing and its applications.
- Training with the recent developments in Digital Image Processing.

Benefits and Outcomes of the Course

- To understand the difficulties that the vision problem involves and various edge detectors.
- To design a simple vision system.
- Implement several image filtering algorithms.
- To understand the different ways that the shape of an object can be recovered.
- To understand the toolboxes of MATLAB Image Processing.
- Hands-on experience in working with different software will be provided in Digital Image Processing.

Report on Higher Education and Career Counseling

Department of Training and Placement of Teegala Krishna Reddy Engineering College have conducted session on Higher Education and Career Counseling for all the final year students from all the branches of Engineering on 15th May 2021 (Saturday) at 06.00 P.M. to 07:00 P.M.

This Program is conducted in collaboration with "GRADEWAY PREP" Training and Overseas/Abroad Education consultancy.

Venue of the Event: Online/Virtual

Day/Date of the Event: - 15th May 2021 (Saturday)

Timings: - 06.00 P.M. to 07.00 P.M.

Resource Person:

Gopinath Puralachetty AGM Business Development Executive Officer - "GRADEWAY PREP"

TARGET AUDIENCE:

All Final Year Students from CSE, IT, ECE, EEE, and CIVIL.

PURPOSE OF THE SESSION:

Studying abroad is more than just education, it's a holistic experience

Earning an international degree is not only about expanding one's own career and personal horizons but also about having an experience of a lifetime.

OUTCOMES:

- Students of Teegala Krishna Reddy Engineering College (Auditorium) have learnt how to choose diverse course options from
- Students have learnt by pursuing a degree overseas signals employers that they have courage, flexibility, cultural awareness and an understanding of how other people work and think.
- Students got an idea of studying abroad helps them learn new approaches to handle different situations, manage time between their studies and part-time jobs, experience international methods of instructing and deal with a cosmopolitan crowd.
- Students who study abroad develop a well-informed mindset and wider perspective towards other cultures and people.

Feedback about the Session from the Students

The session was well conducted by resource person and made students to interact with him effectively. The session received huge appreciation from the students because he gave much knowledge about various courses, scope of the higher education throughout the countries and various universities and their collaboration with the consultancy, by which every student who is aspiring to go abroad education can comfortably choose their organization. The effort of entire "GRADEWAY PREP" was applauded by all present. The students were very grateful to their beloved Principal Dr. K. Venkata Murali Mohan for expediting the sessions which were highly focused towards higher education and career prospective.

Register at: https://gradeway.viewpage.co/college_webinars/

We strongly believe that this Webinar will help your students in their Career Preparation and clear all their doubts & queries.

We sincerely request you to share Webinar details with your Pre-Final & Final Year Students.

Students will learn:

- About Overseas Education & Opportunities for Indian Students
- Importance of GRE Exam & Its Preparation Strategy
- IELTS - Golden Ticket to your Dream University

Students attending this Webinar can attend three classes for FREE & 50% Discount on GRE, GMAT, IELTS & CRT LIVE Online Courses at Gradeway Prep.

• Kindly suggest a convenient date & time if your students can't attend this webinar. We can schedule a Live Webinar exclusively for your College Students.

About Us:

We are a team of professionals and experts from IT, Research, and Academics who are leaders with a passion that connects us to prep students to achieve their dreams. Each of our experts carries an immense dedication towards education and research visible through their remarkable journey of more than 20 years of guiding students in large educational institutions in leadership positions.

We have formulated an effective strategy and tools to tackle all those exams that are important for courses in India or Abroad.

We believe proper planning & execution will be the fundamental key for a student to get success in any competitive exam. Our proven track record of mentoring thousands of students towards their dream courses are a testimony to our result-driven strategy.

Looking forward to your kind response & assuring you the best of services

12 th October 2020 Monday 1:30 P.M. to 4:30 P.M.	Revision	Revision

Instructions to the Monitoring team:-

- The Monitoring team should login into the session 20 mins before the session starts.
- Every session attendance is recorded and sent to the placement cell with a screenshot of the session starts eg:- If the session starts at 9:30 A.M the session attendance would reach the placement cell by 10:00

A.M. subsequent sessions follow the same.

- Monitoring team would maintain the webinar decorum of the students and should see that any disturbance or misbehave by the student individual should not happen when session is running.
- Monitoring team would emphasize the students and encourage the session to be more interactive and informative.
- Post session the team would make sure that the Q & A session would run with the HOD or Trainer and would look into whether all questions are answered properly.
- Every end of the session Monitoring teams' responsibility is to take student feedback and would submit to the concerned department as well as the TPO cell every day.
- If possible the recordings of the session are maintained as well as submitted to the TPO cell on a daily basis.
- Every day session screen shots are recorded and sent to the TPO cell.
- If any disturbance is created by any of the students the monitoring team has the full right to take an action and block his/her ID and report it to the placement cell immediately.
- Every individual Monitoring member should be completely engaged with the session and should not leave the session in the middle.

If any emergency immediately reports to the placement cell so that the placement cell would look for an alternative and would emphasize the regular activity.

Cognizant

Test Guidelines

- The candidates need to take the test on a computer/laptop system, equipped with a working Web-Cam (external or built-in) and smooth internet connectivity throughout the test session.
- Candidates are advised to take the test in all fair means.
- The test system is built with various artificial intelligence mechanisms to track malpractice and any extended help. Any candidate found to be using unfair means would be promptly disqualified from the recruitment process without notice.
- Other than the intended candidate, should an image of any other person be captured in the vicinity during the test process, the candidate's test will be disqualified. This disqualification may happen at any stage of the process and is solely a discretion of the Cognizant team.
- Do not try to click 'Print Screen' or Copy the content while the test is in progress. The system will disqualify the candidate instantly. Use of mobile phones and cameras during the entire duration of the test is strictly prohibited.
- There should not be any hindrance to the Web-Cam's lenses. It should not be covered with any object and should always have the candidate right in front of it.
- While taking up the online test, candidates are advised not to move out of the test screen, e.g. Do not open another tab or application like notepad, excel or web browsers like Google, etc. The Test will be locked permanently if a candidate is found switching through windows while taking the Test.
- In case the test stops/halts due to an Internet or electricity failure, you will be able to resume your assessment from the same point you got logged out, without losing any time. Wait for 5 minutes, login again using the same credentials and click on 'Resume Incomplete Test'. You will have to select your name and continue attempting the test.
- After you login into the test, you have to finish the test within 4 hours. Please ensure that you have smooth electrical and internet connectivity to complete the test in one go.

General Instructions:

- There is no negative marking.
- You have to answer all the questions mandatorily, i.e. you cannot skip any question.
- Do not click on Module Exit or Test Exit.
- You cannot change your answer of any previous question.

Test Basic Requirements:

- A Personal Computer / Laptop
- Smooth and uninterrupted Internet Connectivity (throughout the testing session)
- Webcam connected with the System
- **Browser/OS Requirements:** This Assessment is supported by the below listed Browsers/Versions only
- Google Chrome (version 50.0 and above)
- Mozilla Firefox (version 50.0 and above)
- In case you are taking the test on Windows 8, make sure you check all the points mentioned below.

Please ensure that you complete the test within 4 hours of logging in.

REPORT

National Unity Day program was conducted at Teegala Krishna Reddy Engineering College auditorium on 31st October 2020.

An interactive session was organized by Teegala Krishna Reddy Engineering College, our principal, **Dr.K Venkata Murali Mohan** conducted seminar on 31st oct 2020.

National Unity Day or Rashtriya Ektha Diwas is celebrated every year on 31st October since 2014 to mark the birth anniversary of Iron Man of India- Sardar Vallabhbhai Patel. This year marks the 143th birth anniversary of the freedom fighter and an ace politician. Sardar Patel played a major role in the integration of India (Ek Bharat) from over 560 princely states. To acknowledge his efforts in uniting the nation, India celebrates National Unity Day on his birth anniversary.

Medbowl, Meerpet, Hyderabad - 50

We celebrated the "National Unity Day" on 31st October 2020. The celebration commenced by invoking God's blessings. The essence of the day was highlighted by a meaningful cultural program by the faculty. Sardar Vallabhbhai Patel, an icon for National Unity was fondly remembered. His vision for the Nation was articulated by the teachers taking a pledge striving towards "Ektha".

To: "ynaresh2606@gmail.com" <ynaresh2606@gmail.com>

It is with great pleasure that I extend this formal invitation to you on behalf of Teegala Krishna Reddy Engineering College to Conduct workshop on 29-07-2021 to 31-07-2021. We believe that your expertise and experience would greatly benefit our institution and contribute to the academic growth and development of our students. We will share the detailed information to you. Hence we request you to kindly confirm your acceptance of this invitation at your earliest convenience.

If you require any further information or assistance, please feel free to contact.

Proposed Dates : 29-07-2021

Subject/Topics: 3-Day Workshop on Python Programming

THANKS & REGARDS,
Dr UMAR FARUQ

Thank you for the kind invitation to deliver a lecture at Teegala Krishna Reddy Engineering College on the proposed date of 29-07-2021 to 31-07-2021 for the "3-Day Workshop on Python Programming." I am delighted to accept this opportunity.

I am excited about the prospect of contributing to the academic growth and development of the students through this workshop. I look forward to the engaging 3-Day Workshop on Python Programming at Teegala Krishna Reddy Engineering College.

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

Report on 3-Day Workshop on Python Programming

Name: Mr.Y.Naresh

Position: Technical Head

Organization: RamSoft Solutions

Date: 29/07/2021

Introduction:

The 3-day workshop on Python programming aimed to provide participants with a comprehensive understanding of Python, one of the most versatile and widely-used programming languages. The workshop focused on introducing participants to the fundamentals of Python, its applications in various domains, and hands-on coding exercises to reinforce learning.

Objectives:

1. To familiarize participants with the basics of Python programming.
2. To explore the applications of Python in different domains.
3. To provide practical coding experience through hands-on exercises.

Day1: Introduction to Python Programming

The first day focused on introducing participants to the basics of Python. Topics covered included:

- Python syntax and data types.
- Control flow structures (if statements, loops).
- Functions and modular programming in Python.

Hands-on coding exercises were interspersed throughout the day to ensure participants could apply the concepts immediately.

PRINCIPAL
Y. Naresh
Teegala Krishna Reddy Engineering College
(UGC-AUTONOMOUS)
Medbowli, Meerpet, Hyderabad - 57.

Day2: advanced Python concepts and applications

The second day delved into more advanced Python concepts and showcased its applications in various domains:

- Object-oriented programming (OOP) in Python.
- File handling and data manipulation.
- Introduction to popular Python libraries for data science, web development, and automation.
- Participants engaged in practical sessions to implement Python code for real-world scenarios.

Day: Project day and applications

The final day focused on applying the knowledge gained in a collaborative project setting. Key activities included:

- Group projects to solve specific problems using Python.
- Application of Python in domains such as data analysis, web development, and automation.
- Project presentations and peer reviews.

The day concluded with a reflection session and discussions on potential next steps for participants in their Python learning journey.

Outcomes:

1. Participants gained a solid understanding of Python fundamentals, including syntax, data types, and control structures.
2. Proficiency in advanced concepts such as object-oriented programming and file handling was demonstrated.
3. Exposure to Python's applications in data science, web development, and automation enhanced participants' awareness of Python's versatility.
4. Collaborative projects facilitated practical application of Python skills in real-world scenarios.

Feedback:

Participant feedback indicated high satisfaction with the workshop content, hands-on exercises, and project activities. Many participants expressed a desire for more advanced workshops on specific Python applications.

Conclusion:

The 3-Day Workshop on Python Programming successfully achieved its objectives by providing participants with a strong foundation in Python fundamentals and showcasing its diverse applications. The hands-on approach and collaborative projects were instrumental in reinforcing learning and enhancing participants' confidence in using Python for real-world tasks.

PRINCE LEAD
100% Satisfaction (MCS)
Medhavi, Meerpet, Hyderabad - 97.

IMPACT ANALYSIS

1. Proficiency in python programming

Mapping: This outcome corresponds to the introductory sessions on Day 1, which covered Python syntax, data types, and control flow structures. The pre- and post-workshop assessments were specifically designed to measure participants' proficiency in Python basics.

2. Applications of advanced python Programming Concepts

Mapping: The advanced Python concepts, including object-oriented programming (OOP) and file handling, were covered on Day 2. Hands-on coding exercises and group projects were aligned with this outcome, requiring participants to apply these concepts in practical scenarios.

3. Awareness of python Applications

Mapping: The exploration of Python's applications in data science, web development, and automation on Day 2 aligns with this outcome. Participants gained exposure to these applications through practical examples, discussions, and group projects that emphasized real-world problem-solving.

4. Collaboration and Project Work

Mapping: The collaborative nature of the group projects on Day 3 directly addresses the outcome of encouraging collaboration and project work. Participants were assessed not only on technical content but also on their ability to work effectively in a team.

Invitation to 3- day Workshop on Introduction to Programming with MATLAB

Dr. Umair Faruq
HOD, ECE

Telegata Krishna Reddy Engineering College
Medbowli, Meerpet, Hyderabad - 57.

I would be pleased that I extend this formal invitation to you on behalf of Telegata Krishna Reddy Engineering College to Deliver lecture on "05:01-'22" to "05:01-'22". We believe that your expertise and experience would greatly benefit our institution and contribute to the academic growth and development of our students. Hence we request you to kindly confirm your acceptance of this invitation at your earliest convenience.

If you require any further information or assistance, please feel free to contact.

Dr. Umair Faruq - 98491-2072 to 98491-2072

Subject: Topics: Workshop on Introduction to Programming with MATLAB

THANKS & REGARDS,

DR. UMAIR FARUQ
HOD, ECE

Mon Dec 27 2021 11:00:30 AM

I am thrilled to have received your formal invitation from Telegata Krishna Reddy Engineering College to conduct a workshop on "Introduction to Programming with MATLAB" on the proposed date of 05:01-'22.

I am honored by the opportunity to contribute to the academic growth and development of the students of your esteemed institution. Please consider this message as my formal acceptance of the invitation.

I am looking forward to delivering an engaging workshop and sharing insights into programming with MATLAB. I appreciate your confidence in my expertise and I am eager to collaborate with Telegata Krishna Reddy Engineering College for a successful and informative workshop.

Report on 3-Day Work Shop on Introduction to Programming with MATLAB

Introduction

The 3-Day Workshop on Introduction to Programming with MATLAB took place from 03.01.2022 to 05.01.2022 at Room no.304. The primary objective of the workshop was to provide participants with a foundational understanding of MATLAB programming, catering to individuals with varying levels of programming experience.

Objectives

Introduce participants to the basics of MATLAB programming. Familiarize participants with MATLAB's syntax, data structures, and functions. Provide hands-on programming experience through practical exercises. Guide participants in solving mathematical and engineering problems using MATLAB.

Workshop Highlights

Day 1- Introduction to MATLAB

Day 1 focused on introducing participants to the MATLAB environment. Topics covered included the MATLAB interface, basic operations, and an overview of MATLAB as a powerful tool for numerical computing. Practical sessions allowed participants to navigate the MATLAB environment and execute simple commands.

Day 2 - MATLAB Programming Basics

Day 2 delved into MATLAB programming fundamentals, covering topics such as variables, data types, arrays, and control structures (if statements, loops). Participants engaged in coding exercises to reinforce their understanding of these concepts, gradually building their programming skills.

PRINCIPAL
Tatyala Krishna Reddy Engineering College
(UGC-AUTONOMOUS)
Madbowli, Meerpet, Hyderabad - 57.

The final day featured practical applications of MATLAB in solving mathematical and engineering problems. Participants worked on hands-on projects, applying their programming skills to real-world scenarios. The projects ranged from data analysis and visualization to solving mathematical problems using MATLAB functions.

IMPACT Analysis/ Outcomes of 3-Day Work Shop on Introduction to Programming with MATLAB

Foundational Knowledge

- Participants gained a foundational understanding of MATLAB programming, including its syntax and basic functionalities.

Programming Skills

Proficiency in MATLAB programming improved among participants, demonstrated through the successful completion of coding exercises and hands-on projects.

Problem Solving Abilities

The workshop enhanced participants' problem-solving skills by providing them with practical experience in using MATLAB to solve mathematical and engineering problems.

Application of MATLAB

Participants learned to apply MATLAB to real-world scenarios, gaining insights into its capabilities for data analysis, visualization, and algorithm development.

Feedback

Feedback from participants was overwhelmingly positive. Many expressed appreciation for the workshop's structured approach and the balance between theory and hands-on practice. Participants particularly praised the relevance of the projects, as they provided an opportunity to apply newly acquired skills to real-world situations.

Wreel
PRINCIPAL
Teegala Krishna Reddy Engineering College
(UGC-AUTONOMOUS)
Medowli, Moorpet, Hyderabad - 97.

The 3-Day Workshop on Introduction to Programming with MATLAB successfully achieved its objectives by providing participants with a solid foundation in MATLAB programming. The combination of theoretical knowledge and hands-on experience ensured that participants left the workshop with practical skills applicable to their academic and professional pursuits.

We extend our gratitude to all participants, mentors, and organizers for their contributions to the success of this workshop.

Mapping strategy

The outcomes of Program Outcomes (POs) for the 3-Day Workshop on Introduction to Programming with MATLAB can be assessed based on the specific objectives of the workshop.

- Here's a breakdown of the expected outcomes aligned with the program objectives.

Foundational Knowledge (PO1)

Outcome: Students demonstrated a foundational understanding of MATLAB programming, including familiarity with the MATLAB interface, basic operations, and the significance of MATLAB in numerical computing.

Programming skills (PO2)

- Outcome: Students exhibited improved proficiency in MATLAB programming. This was evident through their ability to write and execute MATLAB code, including variables, data types, arrays, and control structures.

Problem Solving Abilities (PO3)

Outcome: The workshop enhanced participants' problem-solving skills, especially in the context of mathematical and engineering problems. Participants applied MATLAB programming to analyze and solve practical problems, showcasing improved problem-solving abilities.

W. Venk
PRINCIPAL
Teegala Krishna Reddy Engineering College
(UGC-AUTONOMOUS)
Medbowli, Manspet, Hyderabad - 57.

Application of MATLAB (POs)

Outcome: Participants learned to apply MATLAB to practical scenarios, including data analysis, visualization, and algorithm development. The hands-on projects allowed participants to extend their learning to real-world applications.

	PO1	PO2	PO3	PO4	PO5	PO6	PO7	PO8	PO9	PO10	PO11	PO12	PO13	PO14
Technical														
Didactic														
Visual	✓	✓	✓	✓									✓	✓
Digital														
Other														

In conclusion, the outcomes of Program Outcomes (POs) for the 3-Day Workshop on Introduction to Programming with MATLAB were likely positive, with participants demonstrating foundational knowledge, improved programming skills, enhanced problem-solving abilities, and the ability to apply MATLAB to real-world scenarios. The assessment strategies and feedback mechanisms contributed to the continuous improvement of the workshop for future iterations.

Report on Higher Education and Career Counseling

Department of Training and Placement of Teegala Krishna Reddy Engineering College have conducted session on Higher Education and Career Counseling for all the final year students from all the branches of Engineering on 27th January 2022 at 11:00 A.M. to 01:00 P.M.

This Program is conducted in collaboration with "IAEC" leading global education consultancy.

Venue of the Event: - Teegala Krishna Reddy Engineering College (Auditorium)

Day/Date of the Event: - 27th January 2022

Timings: - 11:00 A.M. to 01:00 P.M.

Resource Person:

Mr. Ravi Kumar Senior Career Counselor (IAEC)

TARGET AUDIENCE:

All Final Year Students from CSE, IT, ECE, EEE, and CIVIL.

PURPOSE OF THE SESSION:

Studying abroad is more than just education, it's a holistic experience

Earning an international degree is not only about expanding one's own career and personal horizons but also about having an experience of a lifetime.

OUTCOMES:

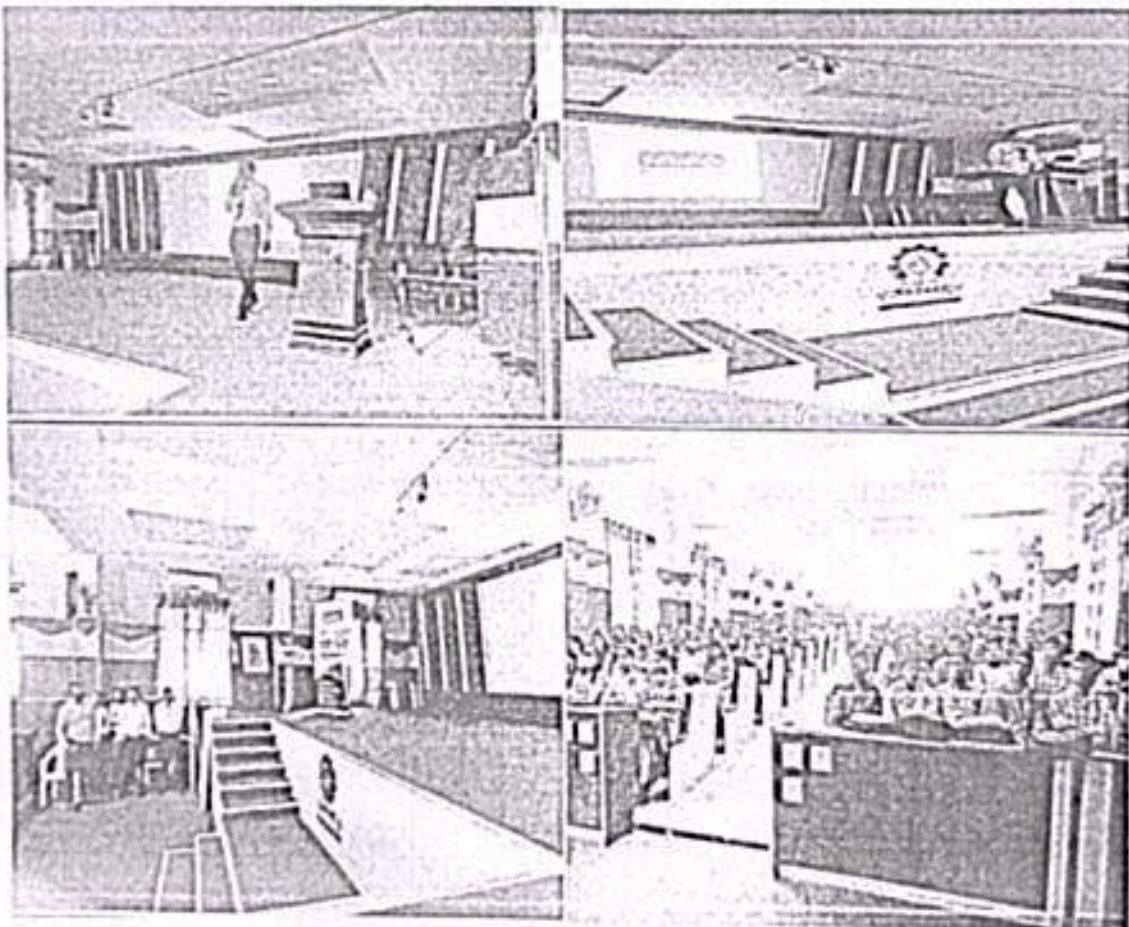

- Students of Teegala Krishna Reddy Engineering College have learnt how to choose diverse course options from
- Students have learnt by pursuing a degree overseas signals employers that they have courage, flexibility, cultural awareness and an understanding of how other people work and think.
- Students got an idea of studying abroad helps them learn new approaches to handle different situations, manage time between their studies and part-time jobs, experience international methods of instructing and deal with a cosmopolitan crowd.
- Students who study abroad develop a well-informed mindset and wider perspective towards other cultures and people.
- Study abroad gives students an experience to explore geographies different that from India and come back with interesting stories for their friends and family. Students might also end up finding an activity that they enjoy doing and make a career in it.

Feedback about the Session from the Students

The session was well conducted by resource person and made students to interact with him effectively. The session received huge appreciation from the students because he gave much knowledge about various courses, scope of the higher education throughout the countries and various universities and their collaboration with the consultancy, by which every student who is aspiring to go abroad education can comfortably choose their organization. The effort of entire team of IAEC was applauded by all present. The students were very thankful to the placement department for expediting the session which were highly focused towards higher education and career prospective.

Invitation to Soft skill Training

Dear Sir,
I am pleased to inform you that I have received the formal invitation from Teegala Krishna Reddy Engineering College, Medawli, for Soft Skill Training on 19-03-2022. We believe that your expertise and experience will be a great asset to the students of the college and will contribute to their holistic development and success in both academic and professional spheres. I appreciate the trust you have placed in my expertise and experience, and I am honored to accept this invitation and contribute to the academic growth and development of the students of Teegala Krishna Reddy Engineering College.

If you require any further information or assistance, please feel free to contact me at 9885346463. I am looking forward to meeting you and your students on 19-03-2022.

THANKS & REGARDS,
Dr. SIMAR FARUQ

I am writing to express my sincere gratitude for the formal invitation to Soft Skill Training at Teegala Krishna Reddy Engineering College on the proposed date of 19-03-2022. It is with great pleasure that I accept this invitation.

I am honored by the opportunity to contribute to the academic growth and development of the students of Teegala Krishna Reddy Engineering College.

I believe that soft skills are crucial for their holistic development and success in both academic and professional spheres. I appreciate the trust you have placed in my expertise and experience, and I am honored to accept this invitation and contribute to the academic growth and development of the students of Teegala Krishna Reddy Engineering College.

Technical Talk Report on Soft skill training

1. Introduction

On 19/07/2022, Mr. V. Srinivas, a seasoned professional from Mouktik Consultancy Services, delivered a Technical talk at TKREC as part of an initiative to enhance students' soft skills for improved employability and career development.

2. Guest Speaker Profile

Name: Mr. V. Srinivas

Title: Technical Director

Organization: Mouktik Consultancy Services

Expertise: Mr. V. Srinivas is a distinguished professional with a wealth of expertise in the realms of soft skills, employability, and career development. With an extensive background in Mouktik Consultancy Services, Mr. Srinivas has consistently demonstrated a commitment to nurturing the holistic development of individuals, emphasizing the significance of both technical expertise and soft skills in achieving professional success.

3. Lecture Highlights

Introduction to Soft Skills:

- Definition and importance of soft skills in the professional world.
- Insights into how soft skills complement technical expertise.
- Relevance to Employability.
- Discussion on how soft skills contribute to increased employability.
- Examples of how employers value soft skills in the hiring process.

Key Soft Skills:

Emphasis on communication skills, teamwork, adaptability, time management, and interpersonal skills. Real-world examples illustrating the impact of each soft skill in professional settings.

V. Srinivas
PRINCIPAL
Teegala Krishna Reddy Engineering College
(UGC-AUTONOMOUS)
Medbowli, Moorpai, Hyderabad - 97.

Career Development Strategies:

Guidance on setting and achieving career goals. Insights into networking, building professional relationships, and leveraging opportunities.

Interactive Sessions:

Q&A Session: Engaged students in a dynamic question-and-answer session.

Role-Playing Exercises: Provided practical scenarios to apply and practice soft skills.

Case Studies:

Shared relevant case studies from Mr. V. Srinivas' professional experience.

Analyzed the role of soft skills in overcoming challenges and achieving success.

4. Student Engagement and Participation

Active participation from students demonstrated through questions, comments, and engagement in interactive activities.

Positive feedback regarding the relevance and applicability of the soft skill concepts discussed.

5. Implementation Strategies

Encouraged the integration of soft skill training into academic curriculum and extracurricular activities.

Advocated for collaboration with industry professionals for workshops, seminars, and networking events.

Highlighted the importance of continuous learning and staying updated on industry trends.

6. Impact and Feedback

Post-lecture surveys revealed increased awareness and understanding of the significance of soft skills. Students expressed a greater motivation to actively develop and improve their soft skills.

Positive feedback on the practicality and real-world applicability of the insights shared by the guest speaker.

7. Next Steps

- Recommendations for follow-up activities, such as workshops, seminars, and online support.
- Collaboration opportunities with the guest speaker for future soft skill training initiatives.
- Encouragement for students to seek additional resources and take proactive steps towards personal soft skill development.

8. Conclusion

- Summarized the key takeaways from the guest lecture.
 - Emphasized the importance of integrating soft skill training into the educational journey for holistic development and enhanced career prospects.
- This guest lecture report serves as a documentation of the valuable insights shared by the guest speaker and provides a foundation for further initiatives aimed at enhancing students' soft skills and preparing them for successful careers.

9. Mapping Strategy

- The mapping to program outcomes ensures alignment with the educational objectives of the academic program.

Subject: IWN Telangana - Session on Soft Skills and Employability Skills at TKRCET & TKREC tomorrow

Dear Mr Srinivas Reddy,

Greetings !

CII had launched the Indian Women Network (IWN) – an exclusive organization for career women in the year 2013. IWN envisions enabling career women to become better professionals and achievers in their respective fields through learning, sharing, and mentoring.

IWN's initiatives are made available to its members through webinars, workshops, in-house training programs, sharing of best practices, health camps, and health talks delivered by eminent experts from different walks of life. Overall, we provide need-based sessions and initiatives for enterprising women.

PRINCIPAL

TeeGala Krishna Reddy Engineering College

1000-4000000000

Campus to Career is one of the important initiatives by IWN to groom students for creating a change in the thinking and attitude, in their journey to become professionals. It aspires to lay the foundation for the future of youth through the dissemination of requisite skills and knowledge and thereby to help them to enhance their personal brand.

In this context, we are happy to receive your confirmation to organize a Session for the students Session on Soft skills and Employability skills of TKR Group of Institutions tomorrow as per the following timings :

TKR College of Engineering & Technology – 1200 hrs to 1300 hrs

Teegala Krishna Reddy Engineering College – 1400 to 1500 hrs

Ms. Shipa Bansal will be the Speaker for tomorrow. Here is her brief profile :

- An educationist with B Tech from NIT Calicut, with 20 years of experience known for mentoring students.. Known for taking engaging classes on Aptitude and soft skills. An entrepreneur who had created online platform in 2010 to help connect students with best faculty and content. Taken Career Workshop at Narsee Monjee Mumbai, Bharati Vidyapeeth New Mumbai, Great Learning Gurgaon along with seminars all over India including places like Taran Taran near Pakistan border, Rayat Bahra Shimla to name a few.

A dream to make education accessible for all and guide students through the disruption and helping them find their role in this world.

Please use the attached Slide as the virtual backdrop for the session tomorrow. You may please arrange to project this during the session and share the pics for our use.

Look forward to your support and cooperation.

Regards,

Prajitha

Invitation to Conduct Seminar

1 message

IT DEPT <r9ithod@gmail.com>

Thu, Nov 11, 2021 at 10:29 AM

To: "m.sureshbabu74123@gmail.com" <m.sureshbabu74123@gmail.com>

Dear M.SureshBabu Sir,

I hope this email finds you well. I am writing on behalf of Teegala KrishnaReddy Engineering College to extend a warm invitation for you to be a resource person for a seminar at our institution. We are inspired by your exceptional accomplishments in the field of **Amazon Web Services (AWS) in Cloud Computing**, and we believe your expertise would be a valuable addition to our event.

The Seminar is scheduled for **15-11-2021** at our campus, E-ClassRoom(i.e 309). We are keen to have you share your insights on Amazon Web Services(AWS) in cloud computing with our students, which we believe will greatly enrich their learning experience.

Your real-world experiences and practical insights will be particularly beneficial.

In order to ensure a smooth and successful lecture, we are ready to provide the necessary audiovisual and technical support. Additionally, we would like to discuss the terms of your participation, including an honorarium, travel logistics, and accommodation, which we are prepared to arrange.

We understand the significance of your time and appreciate your consideration of this invitation. Your presence as a guest speaker would contribute significantly to our students' education.

If you are able to confirm your availability, please respond at your earliest convenience. We are eagerly anticipating your participation in our event.

If you have any questions or require further details, please do not hesitate to contact me at r9ithod@gmail.com.

Thank you for your consideration, and we look forward to the possibility of hosting you as our esteemed guest speaker.

Best regards,

Dr. J. PRAVEEN KUMAR,

Associate Professor,

HOD/IT,

TKREC.

Dear Sir/Madam,

I'm truly excited to accept your invitation to be a resource person for the seminar at Teegala Krishna Reddy Engineering College on 15-11-2021. It's an honor to share my expertise on Amazon Web Services(AWS) in Cloud Computing with your audience.

I understand the lecture will be at E-Class Room(i.e 309). If there's anything special you'd like me to prepare or if you need any assistance, please let me know. I'm here to ensure the event's success.

Thank you for considering me for this role. I'm looking forward to contributing to a valuable and memorable experience. Feel free to reach out if you have any questions or specific requests.

Warm regards,

Dr.M.Suresh Babu,

YV. SivaReddy Engineering College.

Seminar Report: Amazon Web Services in Cloud Computing

Introduction:

The Department of IT at Teegala Krishna Reddy Engineering College organised a seminar on "Amazon Web Services (AWS) in Cloud Computing" by Dr. M.Suresh Babu from Y.V. Siva Reddy Engineering College, Anantapur III Year Btech Students. The objective of this seminar is to provide students with a comprehensive understanding of cloud computing and how AWS plays a pivotal role in this dynamic field. The seminar aimed to bridge the gap between theoretical knowledge and practical applications, equipping participants with insights into AWS services, deployment strategies, and industry best practices.

Date and Venue:

The seminar took place on 15-11-2021 at Teegala Krishna Reddy Engineering College, attracting a diverse audience interested in exploring the capabilities of cloud computing through AWS.

Key Objectives:

1. Introduce Cloud Computing Concepts:

Provide a foundational understanding of cloud computing principles, including virtualization, scalability, and on-demand resource provisioning.

2. Explore AWS Services:

Delve into a variety of AWS services spanning computing, storage, databases, machine learning, and more, showcasing the versatility and breadth of offerings.

3. Discuss Deployment Strategies:

Explore different deployment models such as Infrastructure as a Service (IaaS), Platform as a Service (PaaS), and Software as a Service (SaaS), highlighting their use cases and advantages.

4. Real-World Use Cases:

Present real-world use cases where AWS has been successfully implemented, demonstrating the impact of cloud solutions on businesses and industries.

Department of Information Technology

Seminar Highlights:

1. Inauguration and Introduction:

The seminar began with an inauguration ceremony, followed by an introduction to the significance of cloud computing and AWS in today's technological landscape.

2. Cloud Computing Fundamentals:

The first session covered the fundamentals of cloud computing, explaining the shift from traditional infrastructure to cloud-based solutions. Concepts such as elasticity, pay-as-you-go pricing, and global reach were explored.

3. Introduction to AWS Services:

Students were introduced to a range of AWS services, including Amazon EC2 for virtual computing, Amazon S3 for storage, Amazon RDS for databases, and AWS Lambda for serverless computing. Each service was discussed in terms of its functionalities and use cases.

4. Deployment Models and Strategies:

The seminar gained into various deployment models, illustrating scenarios where IaaS, PaaS, and SaaS are most applicable. Deployment strategies, including blue-green deployments and canary releases, were also discussed.

5. Real-World Use Cases:

Real-world use cases were presented, featuring organizations that have successfully leveraged AWS to enhance scalability, reduce costs, and improve overall efficiency. These cases served to emphasize the practical impact of AWS in diverse industries.

6. Q&A and Interactive Session:

The seminar concluded with an interactive Q&A session, providing students with the opportunity to seek clarification, share insights, and engage in discussions with the speaker.

Feedback:

Students feedback indicated a high level of satisfaction, with attendees appreciating the comprehensive coverage of AWS services, the hands-on demonstration, and the real-world use cases. Many expressed a newfound understanding of cloud computing concepts and a desire to explore AWS further.

Conclusion:

The seminar on Amazon Web Services in Cloud Computing successfully achieved its objectives by providing participants with a holistic view of AWS and its role in the broader context of cloud computing. The practical insights gained, coupled with real-world examples, enhanced the participants' understanding and preparedness for engaging with cloud technologies.

Future Initiatives:

Based on the positive reception and expressed interest, future initiatives could include advanced AWS workshops, certification preparation sessions, or collaborative projects where participants apply their AWS skills in solving real-world challenges.

The seminar not only empowered participants with knowledge about AWS but also inspired them to explore the vast possibilities that cloud computing offers in shaping the future of IT infrastructure and services.

**REPORT
CLEAN INDIA PROGRAM**

DATE: 26/10/2021

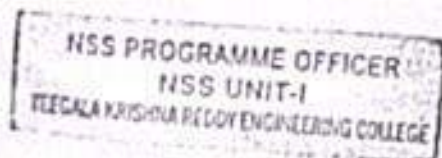

On the 26th of October 2021, the NSS volunteers of Tteegala Krishna Reddy Engineering College (TKREC) actively participated in a Clean India program organized in Meerpeta, Hyderabad. The initiative aimed to contribute to the Swachh Bharat Abhiyan, a nationwide cleanliness campaign launched by the Government of India, by engaging in community-driven cleanliness activities and promoting environmental awareness.

Concomitantly with the cleanliness drive, an awareness campaign on the importance of cleanliness, waste management, and environmental conservation was conducted. Volunteers interacted with local residents, educating them about the adverse effects of littering and the significance of maintaining clean and hygienic surroundings.

As part of the initiative to promote waste segregation at source, NSS volunteers encouraged residents to segregate biodegradable and non-biodegradable waste. They distributed bins and provided demonstrations on proper waste disposal methods, emphasizing the need for responsible waste management practices.

More than 100 NSS volunteers garnered significant attention and support from the local community. Residents appreciated the efforts of the volunteers in contributing to the cleanliness drive and expressed willingness to adopt sustainable practices for maintaining cleanliness in the area.

REPORT EYE DONATION

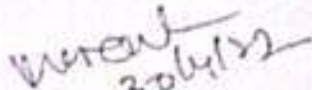

DATE: 30/04/2022

VENUE: TKREC AUDITORIUM

An Awareness program was organized by the NSS UNIT on EYE DONATION on 30.04.2022 in association with the AMMA EYE and organ donation Hospital, Hyderabad. The program started at 10 AM in the morning. All the Dignitaries, Principals, Heads of departments and faculty attended the program with huge student audience from all the campuses of TKR educational society.

The program started with a speech by honorable chairman and secretary followed by the addressing of NSS Programme Officer who mentioned the importance of donating Eye and other organs. The doctors from AMMA Hospital explained in detail about the pros and cons of donating the organs after our body gets collapsed to the needy humans. The session was really an eye opener to many and almost everybody had taken a decision of donating their organs. The doctors even explained the guidelines to be maintained in due course and explained the rules and regulations to be followed for the process of donation. The session ended at 11:30 am, was closed by concluding lines and Later on feedback by participants and staff was taken.

REPORT
AWARENESS PROGRAM

DATE: 03/03/2022

An awareness programme targeting the issue of drug abuse was conducted by the National Service Scheme (NSS) unit of TKREC in collaboration with the Rachakonda Police Commissionerate. The programme aimed to educate and sensitize individuals, especially youth, about the detrimental effects of drug abuse and the importance of maintaining a drug-free society.

The programme commenced with an inaugural session graced by esteemed guests from the Rachakonda Police Commissionerate, faculty members of TKREC, and representatives from various NGOs working in the field of substance abuse prevention.

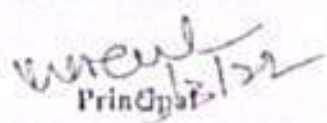

Interactive sessions were conducted to engage the audience actively. Participants were encouraged to share their thoughts, concerns, and personal experiences related to drug abuse. This facilitated a constructive dialogue and enabled individuals to learn from each other's perspectives.

To assess the understanding of the participants, a questionnaire was distributed covering various aspects of drug abuse and its consequences. Additionally, a quiz competition was organized, incorporating facts and trivia related to substance abuse prevention.

The audience of 500 students graced the event. A vibrant glimpse of cultural fetes were displayed and the guests spoke to the students. As their empowering words hovered in the ground the applause of students crackled in the atmosphere. After a great interactive session with all the guests many questions were answered. Media personnels and many journalists covered the event. With remarkable feedback the event came to a halt at 2:00pm.

Invitation to 3-day Workshop on Robotics

2 messages

ecehod.tkr <ecehod.tkr@gmail.com>
To: "udaysaamala@gmail.com" <udaysaamala@gmail.com>

Mon, Oct 18, 2021 at 11:12 AM

It is with great pleasure that I extend this formal invitation to you on behalf of Teegala Krishna Reddy Engineering College to Conduct workshop on "Robotics" We believe that your expertise and experience would greatly benefit our institution and contribute to the academic growth and development of our students. We will share the further details later about workshop programme. Hence we request you to kindly confirm your acceptance of this invitation at your earliest convenience.

If you require any further information or assistance, please feel free to contact.
Proposed Dates : 28-10-2021 To 30-10-2021
Subject/Topics:3-days workshop on Robotics

Thanks & Regards,
Dr UMAR FARUQ

3-DAYS ROBOTICS WORKSHOP: LEARN TO BUILD WIRELESS ROBOTS

LEARN	The basics of robotics , circuits and motors .How to solder, how to build a circuit on breadboard and finally how to build a wireless robot
FOR WHOM	3 rd Year B.Tech E.C.E
WHEN	28 Oct 2021 - 10AM – 4 PM 29 Oct 2012 - 10AM – 4 PM 30 Oct 2012 - 10-1 pm
WHERE	E-Class Room & Robotics Lab (Entrepreneurship Development Centre)
CONTACT	Dr .D. Vemana Chary Phone no- 9347279139 Email:- vemanand@tkrec.ac.in
FEE	FREE

Workshop Description

Robotics is a multi-disciplinary subject with roots in electronics, computer science and mechanics. Although it is not taught as regular subject , lot of students still pursue it as a hobby while struggling to find out why something works or does not work. In this workshop we teach students how to read a circuit diagram, how to identify different electronic components and how to put together components to build a circuit. Since we aim to learn by examples, we build different components of a wireless robot and put them together to watch it come alive.

It starts with instructions for building simple robots and explains how you can use the sensors to control the robots. You can build an ultrasound robot that can avoid obstacles, a line-tracker robot, a touch-sensor robot, and a doodling robot. The manual moves on to make complex robots that have multiple functions such as a ball-manipulating robot, a crawling robot, and a grabbing robot. Finally, you can create even more advanced robots including an automated floor opening robot and a protected robotic safe to store your valuables.

The robots can be controlled directly in real-time and programmed to perform series of commands using an easy-to-use, free downloadable app on tablets and smartphones. The app wirelessly connects to the core controller using a low-energy Bluetooth connection. You can create more complex programs using the open source visual block programming Editor Google Blockly on a PC with a USB connection to the core controller. The app requires a tablet or smartphone running iOS or Android.

This workshop will provide school students a base to mobile/GSM robotics. They will learn the Automation technology and get better understanding and grip on its application. They will be developing their own models by their own hands. These projects focus on the application and use of technology rather than their internal working so that a person can grasp the concepts well. Attendees will be provided with instructions to build and manage their own robotics kit.

Manual Robotics is a manual remote control robot which works & moves on the instruction of human with the help of a wired Remote. A Line Follower Robot is a well-known application of robot where a Robot follows a black/white line on an arena. A Pick & Place Robot is again a well-known application of robot where in a manual controlled robot can pick the object and place it wherever you want.

This workshop will provide the rich hands-on experience to the participants on designing the three different kinds of robots (Manual Robot, Line Follower Robot and Pick & Place Robot) in workshop.

Synopsis

- Learn the basics of passive circuit elements with the help of experiments
 - Resistor
 - Capacitor
 - Inductor
- Learn to identify active circuit components
 - Diode
 - Transistor
 - Integrated Circuit
- Learn the symbols and how to read a circuit diagram
- Learn how to use a Multimeter
- Learn How to make a circuit on breadboard
- Learn how to make a circuit on PCB (By Soldering)
- Make a :

CIRCULAR

All the students are hereby informed that a three-Day work shop is arranged to enhance the knowledge on Embedded system with 8051 microcontroller using Embedded C scheduled from 6th December to 8th December 2021. Hence all the students of final year are informed to attend the program and utilize the opportunity.

It is with great pleasure that I extend this formal invitation to you on behalf of Teegala Krishna Reddy Engineering College to Conduct workshop on 06-12-2021 to 08-12-2021 .We believe that your expertise and experience would greatly benefit our institution and contribute to the academic growth & development of our students. Hence we request you to kindly confirm your acceptance of this invitation at your earliest convenience.

If you require any further information or assistance, please feel free to contact.

Proposed Dates : 06-12-2021 to 08-12-2021

Subject/Topics: Workshop on Embedded System with 8051 Microcontroller using Embedded C

THANKS & REGARDS,
Dr UMAR FARUQ, B.Tech,M.Tech,Ph.D.

I am pleased to receive your formal invitation from Teegala Krishna Reddy Engineering College to conduct a workshop on "Embedded Systems with 8051 Microcontroller using Embedded C" on the proposed dates of 06-12-2021 to 08-12-2021.

Thank you for considering me for this opportunity. I gladly accept the invitation and am committed to delivering an informative and engaging workshop.

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

REPORT ON 3-Day Workshop on Embedded System with 8051 Microcontroller Using Embedded C

Name: Ms .P. Rasagnya

Organization: TASK

Date: 06-12-2021

Introduction:

The 3-day workshop on Embedded Systems with 8051 Microcontroller using Embedded C was conducted from 06-12-2021 to 09-12-2021 at Room No 304. The workshop aimed to provide participants with hands-on experience and practical knowledge in developing embedded systems using the 8051 microcontroller and programming in Embedded C.

Objectives:

1. Introduce participants to the fundamentals of embedded systems.
2. Familiarize participants with the 8051 microcontroller architecture.
3. Provide hands-on experience in programming the 8051 microcontroller using Embedded C.
4. Guide participants in the development of simple embedded systems projects.

Workshop Highlights:

Day1: Introduction to Embedded Systems and 8051Microcontroller:

The first day of the workshop began with an introduction to embedded systems and their applications. Participants gained insights into the importance of embedded systems in various industries. The focus then shifted to the 8051 microcontroller architecture, including its CPU, memory, and I/O ports.

Day 2: Embedded C Programming for 8051:

Day 2 centered around Embedded C programming for the 8051 microcontroller. Participants learned the syntax, data types, and control structures of Embedded C. Practical sessions

(UGC-AUTONOMOUS)
Medbowli, Meerpet, Hyderabad - 97.

peripherals connected to the 8051 microcontroller.

Day 3 – Hands –on Project Development:

The final day of the workshop was dedicated to hands-on project development. Participants formed teams and were given a project brief, such as designing a temperature-controlled fan or a digital thermometer using sensors and actuators. Mentors provided guidance as participants applied their knowledge of Embedded C and the 8051 microcontroller to complete their projects.

Outcomes:

1. Participants gained a solid understanding of embedded systems and the 8051 microcontroller.
2. Proficiency in programming the 8051 microcontroller using Embedded C was enhanced among the participants.
3. Practical project development enabled participants to apply their newly acquired skills to real-world scenarios.
4. The workshop fostered collaboration and teamwork, as participants worked together on hands-on projects.

Feedback:

Feedback from participants was overwhelmingly positive. Many expressed appreciation for the hands-on approach, stating that it greatly enhanced their understanding of the subject matter. The mentors were commended for their expertise and support throughout the workshop.

Conclusion:

The 3-day workshop on Embedded Systems with 8051 Microcontroller using Embedded C successfully achieved its objectives. Participants left with a strong foundation in embedded systems and practical skills in programming the 8051 microcontroller. The workshop served as a valuable platform for networking and collaboration among participants and mentors.

We extend our gratitude to all participants, mentors, and organizers for contributing to the success of this workshop.

Program Outcomes (POs) for the 3-Day Workshop on Embedded Systems with 8051 Microcontroller using Embedded C can be framed to reflect the specific knowledge, skills, and competencies that participants are expected to gain upon completion of the workshop. Here are potential outcomes aligned with program objectives:

Impact Analysis of 3-Day Workshop on Embedded System with 8051 Microcontroller Using Embedded C

The impact analysis of the 3-Day Workshop on Embedded Systems with 8051 Microcontroller using Embedded C can be assessed across various dimensions, including knowledge enhancement, skill development, participant engagement, and potential future applications. Here's a breakdown of the impact

1. Knowledge Enhancement

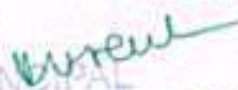

- **Theoretical Understanding:** Participants gained a solid theoretical understanding of embedded systems and the specific architecture of the 8051 microcontroller. This knowledge is foundational and applicable across a range of embedded systems projects and industries.
- **Programming Skills:** The workshop focused on hands-on programming using Embedded C. Participants acquired practical skills in writing and debugging code for the 8051 microcontroller, which is a valuable asset in the field of embedded systems development.

2. Skill Development

- **Embedded Proficiency:** Participants developed proficiency in programming the 8051 microcontroller using Embedded C. This skill is transferable to other microcontrollers and embedded systems platforms, contributing to the participants' versatility in the field.
- **Project Development:** The hands-on project component of the workshop allowed participants to apply their newly acquired skills to real-world scenarios, fostering problem-solving abilities and project management skills.

3. Participant Engagement

- **Interactive Learning:** The workshop's interactive and practical approach kept participants engaged throughout the three days. This engagement is crucial for effective learning and knowledge retention.
- **Collaboration:** The team-based project development encouraged collaboration among participants, fostering a sense of teamwork and shared learning experiences.

PRINCIPAL
Teegala Krishna Reddy Engineering College
(UGC-AUTONOMOUS)
Medbowli, Meerpet, Hyderabad - 57.

5. Potential future applications

- **Industry relevance:** The knowledge and skills acquired in the workshop are directly applicable to the industry's demand for professionals with embedded systems expertise. Participants are better equipped for roles involving microcontroller-based system design and programming
- **Innovation:** Armed with the foundational knowledge and practical skills gained, participants are better positioned to contribute to innovative solutions in various industries, such as IoT, automation, and robotics.

6. Students Feedback:

- **Positive reception:** Positive feedback from participants indicates a high level of satisfaction with the workshop. Satisfied participants are more likely to share their experiences with their networks, potentially attracting more individuals to future workshops or similar initiatives.

In summary, the impact analysis suggests that the 3-Day Workshop on Embedded Systems with 8051 Microcontroller using Embedded C had a positive and multifaceted impact on participants, ranging from knowledge and skill development to community building and potential future applications in the field of embedded system

Mapping strategy

Program Outcomes (POs) for the 3-Day Workshop on Embedded Systems with 8051 Microcontroller using Embedded C can be framed to reflect the specific knowledge, skills, and competencies that participants are expected to gain upon completion of the workshop. Here are potential outcomes aligned with program objectives:

1. Understanding of Embedded Systems (PO1)

Outcome: Participants will demonstrate a comprehensive understanding of embedded Systems, including their applications, significance, and key components.

2. Proficiency in Microcontroller Architecture (PO2)

Outcome: Participants will exhibit proficiency in understanding the architecture of the 8051 microcontroller, including its CPU, memory organization, and I/O ports.

PRINCIPAL
Teegala Krishna Reddy Engineering College
(UGC-AUTONOMOUS)
Medbowli, Meerpet, Hyderabad - 57.

3. Embedded Programming Skills (PO3)

Outcome: Participants will acquire proficient skills in writing, debugging, and Optimizing Embedded C code for the 8051 microcontroller.

4. Practical Application of Knowledge (PO4)

Outcome: Participants will apply theoretical knowledge and programming skills to complete hands-on projects, demonstrating the ability to design and implement embedded systems solutions.

5. Collaboration and Team Work (PO5)

Outcome: Participants will engage in team-based project development, fostering Collaboration, communication, and effective teamwork.

6. Problem Solving Skills (PO6)

Outcome: Participants will develop and demonstrate effective problem-solving skills through the identification and resolution of challenges encountered during the project development phase.

7. Professional Relevance (PO7)

Outcome: Participants will gain knowledge and skills that are directly applicable to the industry's demand for professionals with expertise in embedded systems and microcontroller programming.

8. Networking and Community Management (PO8)

Outcome: Participants will build professional connections with mentors and peers, engaging in a community of practice for ongoing learning and collaboration.

Leadership Talk Series – A Report

Department of Training and placements of Teegala Krishna Reddy Engineering College has conducted presentation on, "Leadership Talk Series" for all the branches of B. Tech final year students on 20th Jan 2023 from 04:00 PM to 05:00 PM. This program was conducted in collaboration with "Hexa-ware Technologies"

Venue of the Event: Live Event (Online).

Day/Date of the Event: 20th January 2023.

Timings: 04:00 P.M to 05:00 P.M.

Resource Person: Mr. Gopi Santhanam (Executive vice president, Hexaware technology)

TARGET AUDIENCE: B. Tech final year all branches.

PURPOSE OF THE SESSION:

Leadership is the ability to develop a vision that motivates others to move with a passion towards a common goal. Therefore, leadership is a process by which a person influences others to accomplish an objective and directs the organization in a way that makes it more cohesive and coherent.

OUTCOMES:

- Students have learnt various Factors of leadership, two-way communication between followers and leader.
- How a Leader should be Honest and understanding and know what he can do to be successfully convince the followers that he is worthy of being followed.
- How a follower must know the fundamental points in having good understanding of human nature, such as need, emotions and motivation to follow the right leader.
- Students have also learnt about types of leadership such as autocratic (bossing people), democratic (participative along with followers) and delegative (gives

PRINCIPAL

(UGC-AUTONOMOUS)
Medbowli, Meerpet, Hyderabad - 97.

power of decisions to followers). In addition, understood that delegative style of leadership is generally not useful in modern day.

Feedback about Session from the Students,

The session was well conducted by Mr. Gopi Santhanam, Executive vice president, Hexaware technology, as resource person and made students to interact with him effectively. The session received huge appreciation from the students because he gave much knowledge about various types of leadership skills. How to be a good leader and how to gain the followers by using different types of leadership skills at various stages in successfully getting the tasks done.

Request for Entrepreneurship Program to conduct in Teegala Krishna Reddy College (R9) TKREC.

TKREC PLACEMENTS <placements@tkrec.ac.in>
To: Vijay.Davarakonda@gmail.com

Sat, Mar 25, 2023 at 6:28 PM

Dear Sir,

I am writing to request an Entrepreneurship Program to be conducted in our college. Teegala Krishna Reddy College (R9) TKREC, strongly believes that an entrepreneurship program would provide students with practical skills and knowledge to succeed in the business world.

An entrepreneurship program would help us in developing the mindset required to be an entrepreneur and provide us with knowledge on various aspects of entrepreneurship such as ideation, business planning, marketing, finance, and legal compliance. It would also provide us with opportunities to interact with successful entrepreneurs. Where you can share your experiences and provide us with valuable guidance.

I am confident that an entrepreneurship program in our college would encourage students to think creatively and foster innovation.

I request you consider my request and organize an entrepreneurship program in our college. I am confident that this program would be highly beneficial to all the students in our college.

Kindly confirm your presence with us on below mentioned dates

Date:- 27th to 29th March 2023 (3Days)
Venue:- Teegala Krishna Reddy Engineering College
Timing: 10 AM to 4 PM

Thank you for your time and consideration.

Intra College Tech Competition 2023.

Dear All Respected HOD's, Mentors, Faculty and Placement Coordinators,
Department of Training and Placement of Teegala Krishna Reddy Engineering College is conducting "Edge Intra College Tech competition 2023" in collaboration with KIMO a Dutch-based Ed-tech company on the latest tech domains, is hosting a virtual tech competition across all the branches of Engineering.

Hence students from all the years of Engineering from 3rd and 4th year should participate in this competition on 17th April 2023.

Details are below:-

Competition Name: - "KIMO Edge Intra College Tech competition 2023"

Students eligible to participate: - All branches of Engineering from 3rd and 4th Year of Engineering

Competition date: - Monday, April, 17th 2023.

Competition Timings: - 11:30 A.M. onwards

Mode of Competition: - Online (Virtual Mode) can be taken from Laptops/Desktops or Mobile Phones also.

KIMO's-Edge Competition overview:

- The test will be virtual, done on laptops/mobile phones.
- 120 multiple-choice questions, 60 minutes time limit.
- New technologies will be covered (AI, Programming, Blockchain etc.).
- Results will be shared with the students + college the next day.
- Winner receives 15,000 INR and a trophy deeming him as the New Age Domain champion with the college name.
- Top-10 receives a KIMO goodie.
- Top students will also be providing the paid internship opportunities to the students after the test.

AIM of the Competition: - To motivate the students and add to the inadequacy of the current study format. Competitions such as these are a great way to test not only the factual

Virtual

(UGC-AUTONOMOUS)
Medbowli, Meerpet, Hyderabad - 97.

knowledge but also engage the participants in problem-solving, hands-on practices, and the gaps thus providing them with more excellent knowledge. We are also going to provide students with the Internship Program

Venue of the Competition: - TKREC Auditorium (TKREC College R9)
Date: - Monday, 17th April 2023 from 11:30 A.M

Registration Link to this competition: - <https://competition.asia.kimo.ai/signup?college=TKRCET%20Girls%20Campus>

COMPETITION CODE- TKRCETG

Last Date to register to this competition: - 17th April 2023 by 10:00 A.M.

Note: - I request all the departments HOD's, Mentor's, Faculty and Placement Coordinators to make your 3rd Year and 4th Year students to register for this competition and make sure that your students should participate in this competition on 17th April 2023 from 11:30 A.M. onwards in TKREC Auditorium, if possible this can be taken as one of the initiative in any kind of accreditation process. Attendance will be tracked and marks and other details will also be tracked from KIMO.

KIMO's-Edge Intra College Tech competition 2023

Sonal Khindri <sonal@kimo.ai>
To: Events KIMO <events@kimo.ai>
Bcc: placements@tkrec.ac.in

Fri, Feb 10, 2023 at 12:12 PM

Good morning,

Last week we hosted the largest tech competition in India, which was an amazing success! We are now conducting an Intra College Tech competition exclusively for Engineering and technology institutes and colleges such as yourselves.

We would love to host KIMO-Edge' 23 in your college to inspire students to learn the latest technologies which will be fully facilitated by us.

Your students stand a chance to prove themselves to be quality talent, fine tune their knowledge and get rewarded in the process.

KIMO's-Edge Competition overview:

- The test will be virtual, done on laptops/mobile phones.
- 120 multiple-choice questions, 30 minutes time limit.
- New technologies will be covered (AI, Programming, Blockchain etc.).
- Competition to be hosted between February 20th and March 20th.
- Minimum 300 students should attend from your college.
- We can send a poster your way to spark the competition + do a webinar.
- Results will be shared with the students + college the next day.
- Winner receives 25,000 INR and a trophy deeming him as the New Age Domain champion with your college name.
- Top-10 receive a KIMO sweater.

Help give your students that competitive edge over their peers and stand out!

Please let us know if you have any questions or doubts.
Looking forward to collaborating with yourselves.

Warm regards,
Team KIMO

PS: The first 10 colleges to respond will be prioritized.

75% of our workforce needs upskilling in the next decade.
Read more about us [here](#), [here](#) or [here](#).
Watch our webinars [here](#).

Subject: TKR College students Internship Letters

Dear Madam Sir,
Greetings !

Link: TKR Batch Wise Internship Letters

Please find the attached zip file link of Students Internship Letters, please share to the students, these internship letters are need while students writing their final assessment. So, these letters need to circulated/shared to the students, so they can split and keep their file with them.

- 1. Zip file contains 4 folders
- 2. Each folder is named by their batch number & each file inside the folder has student internship file.
- 3. Every student should have their internship letter softcopy with them before coming to assessment.

Please help in this process, So we can complete the assessment successfully.

Thanks & Regards
Shirsha Mothe.

A Merit - NASSCOM Digital Skilling Initiative

Government
Of India |
Future Skill
Prime

futureSkillsPrime.in

In addition to the above mentioned GOI scheme, MCS is offering a free virtual internship (a pre-requisite to FSP program), and niche courses on the FSP platform with an additional discount of 50% on the course fee. This effectively makes the course available for the interns at ZERO cost.

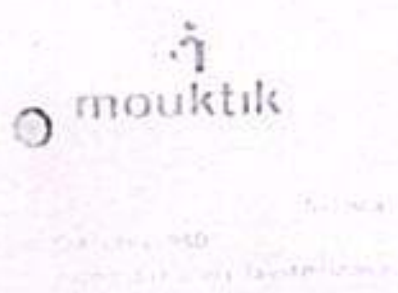

The instructor-led courses delivered in the college are as below

1. Foundation Program - 6 days/40 hrs in the college (Mon to Sat) + FSP certification assessment by NASSCOM
2. Deep Skilling Program - 6 days /40 hrs in the college (Mon to Sat) + 20 hrs of virtual sessions + 2 days /12 hrs in the college + FSP certification assessment by NASSCOM

Please refer to the attachment "MCS approach" attached with this mail for more details. The course details are also attached for your quick reference.

Please provide your confirmation with tentative dates to implement a pilot program for a batch size of 100 students.

Thank you

Best Regards,
Guruthi Dasnamalla
